On what authority have I written Bad Girls Perfume? My own, naturally. Bad Girls stand on their own credentials. FYI though, my mother would swear on a Bible that I've been a Bad Girl all my life, and for further proof my novel, Tilt 68, documents my Bad Girl coming of age. As far as any perfume expertise goes, I'm an American living in Paris with more than 15 years of experience as a perfume journalist, and I've also got a bunch of ace Bad Girl friends with more than a few perfume secrets to tell. Perhaps most importantly, I've experienced the transformational power of perfume on more than one occasion, including a time when perfume literally changed my life. Based on this, I figure I'm in as good a position as anyone to help my Bad Girl buddies find their

way in perfumery. After that, well, youâ™ve just gotta trust meâ |.

Loved the book by my good friend who I grew up with. She did a great job of exposing all the delish fragrances out there and the "Bad Girls" who wear or wore them. It's a time capsule of wonderful ingredients used in amazing perfumes over the centuries and in the back of the book definitions helpful in navigating thru the book. Kudos to you, Sarah for great insight into the parfum world!!

What a delightful and informative introduction to the history of perfume as well as a guide to contemporary fragrances! Filled with interesting anecdotes about fragrances dating from the 14th century "Eau de la Reine de Hongrie" to Grace Kelly's preference, "Gin Fizz," this book reminded me of the mysterious powers of smell and enticed me to try a few new fragrances myself.

Reading this book is like having a glass of wine with a friend and sharing all kinds of funny insights and anecdotes about perfume, it's history and how you might make it part of your history! As informative as it is entertaining.

A ÂçÂ ÂœbadÂçÂ Â• girl and her perfume. Not as simple as it appears. It's a very serious theme and really strategic! Sarah Colton, an American Girl who move to Paris for passion, let you discover different joyful "Bad Girls" and let you imagine, but most importantly, learn ,which fragrances the HAVE to dress. A perfumed travel along fascinating female stories discovering the hidden weapons a Bad Girl wisely use including one of the most important: humor. In last chapter the author wrote: ÂçÂ ÂœFrom the Garden of Eden to the End of the World, we and our Bad Girls Perfume have definitely covered the Territory. ÂçÂ Âœ I can surely confirm it and I can grant you that SarahÂçÂ Â™s know-how and experience in the land of Art of Perfume will let you discover a wonderful and magic world!

" It takes two to Tango " ! Embark on this olfactive journey with Sarah Colton 's magical wit , as she guides you through the bright and darker sides of Human Nature expressed through the enchanting World of Perfumes , You might find your very true sexy self with a drop of this devilishly Book .
"Paging" Mrs Colton !!!

Love this book. I have never read a book about perfumes that connected scents to women and men in history!! The author has done her homework for sure. I know I will order scents described in this

book. This Bad Girl likes complex, mysterious perfumes. Love the art on the cover too. Bravo, Sarah Colton.

A very entertaining look at personalities and perfume. A fascinating read for anyone interested in the power of "scents and sensibilities". Fun and informative... take it with you on your next trip to Paris.

Funny, serious, and educational, Bad Girls Perfume is about Bad Girls seduction strategies and how to use the power of perfume to carry them out. A must read for all women, and the men who are trying to figure them out.
