"Brightly colored, cartoon-style artwork, done in mixed media, spreads across wide pages, capturing the exuberant antics of the mischievous critters. A nice bit of fun." School Library Journal

We purchased this book because of the similarity between this and the little song our son sings at daycare. He'll often yell "SNAP" loudly and anticipates the page with the alligator on it! Very entertaining book for little ones!

Love all of the Five Little Monkeys books!

My two year old had inherited this book from his older brothers so it was a little beat up. He loves the crocodile and says snap with the book. I ordered this one for Christmas. I was pleasantly surprised that it was a larger than the typical board book. I am thrilled with the size at the price!

Child loves these books

Cute version of original story

Thanks. Just what I ordered.

We love all the Five Little Monkey books. My granddaughter likes this one best.

My children love this book! It is so cute. I had them going the first time I read it to them. I read it to my girls almost every night when they were little. Now my baby boy enjoys this book just as much
