Donde Viven Los Monstruos: Album Clasico / Where The Wild Things Are: Classic Picture Book (Historias Para Dormir) (Spanish Edition)

Synopsis

Max dons his wolf suit in pursuit of some mischief and gets sent to bed without supper. Fortuitously, a forest grows in his room, allowing his wild rampage to continue unimpaired. Sendak's color illustrations (perhaps his finest) are beautiful, and each turn of the page brings the discovery of a new wonder. This Sendak classic is more fun than you've ever had. Spanish Description: Las travesuras llevan a Max a su habitacion castigado y sin cenar. Encerrado entre esas cuatro paredes, imagina un viaje fantastico al pais de los monstruos, donde se convertira en el rey. Un libro para aprender a domar monstruos (en este caso, de lo mas entranables y tiernos). Este clasico de la literatura infantil es ideal para los primeros lectores, quienes se veran identificados con Max, sus juegos, sus miedos, su mundo.

Customer Reviews

Kindergarten-Grade 2 Sendak's award-winning book has been translated for Spanish-speaking children, who will enjoy Max's dream of ruling the wild things, sharing their rumpus and, finally, returning home to where someone loves him. Copyright 1986 Reed Business Information, Inc.

Maurice Sendak received the 1964 Caldecott Medal for *Where the Wild Things Are*. In 1970 he received the international Hans Christian Andersen Medal for illustration, and he remains the only American ever awarded this honor. In 1983 Sendak received the Laura Ingalls Wilder Award from

the American Library Association, given in recognition of his entire body of work. He also received a 1996 National Medal of Arts in recognition of his contribution to the arts in America.

I bought this book because, although I'm not completely fluent in Spanish (yet!), I wanted to expose my son to different languages. I love *Where the Wild Things Are*, so this seemed an obvious choice for us. The story is wonderful and imaginative. The illustrations are some of the best in children's literature. Some of the pages in the book have no narration. Only pictures. So it appeals to younger book enthusiasts who aren't quite old enough to read. One of the best additions to your home library you'll ever find!

Me encanto la calidad del libro, las ilustraciones son geniales.

I love the English version, and the illustrations are beautiful. The Spanish translation is horrendous. I would have returned it if my son wasn't so engaged by the illustrations.

Bought this for my roommate who is going to be teaching in a bilingual school next year and she loved it!

Me encanto el libro!

Childrens book "Where the wild things are" but in spanish. Translation has some liberty for example actual title is "Where the monsters Live" but very readable and fun childrens tale and imagination.

This is the first book I remember owning as a child, my mother bought it when I was in preschool. Now I've bought a copy both in Spanish and English for my son to learn and appreciate from an early age

For all of you who remember your childhood and would like to live it again, even if you have no children, I absolutely recommend this awesome book. The Spanish translation is very well executed, and the illustrations are wonderful, especially if you are tired of the Disney-type books that prowl the market nowadays. Para aquellos que todavÃa recordamos nuestra niÃez y nos gustarÃa revivirla, aun si no tenemos hijos, recomiendo completamente este maravilloso libro. La traducciÃn al castellano estÃ muy bien lograda, y las ilustraciones son fantÃsticas, en

particular si uno está cansado de los libros estilo Disney que pululan en el mercado actual.
