Symphonies Nos. 6 And 7 In Full Score (Dover Music Scores)

Synopsis

While the immense popularity of Dvořák's Symphony No. 9, "From the New World," has somewhat overshadowed his other symphonic works, the two symphonies reprinted here are superb compositions in their own right. Indeed, the Symphony No. 7 in D Major is considered by many music authorities to be Dvořák's finest achievement in the symphonic form. Its strong, concise development, great emotional depths, and heroic spirit have won the work many admirers among critics and public alike. Regarding the Symphony No. 6, Grove's Dictionary has this to say: "The joyous Symphony in D Major, Op. 60, full of the fragrance and melody of the Czech fields and forests, full of light and cheerful courage, with the furiant in the scherzo, is a work of striking originality." This handsome, durable volume affords music lovers the opportunity to study these great scores, carefully and accurately reproduced from an authoritative German edition.

Customer Reviews

I play horn in a community orchestra. I find it helpful to buy one of these when we are learning a particularly challenging symphony. It helps me see how all the parts fit together and allows me to better mesh with whole. Highly recommend.

Good printing of standard lit that everyone should know.

This is a great collection of the Dvorak Symphonies, there are much better editions out there but for the price these are a good buy!

although his ninth symphony was probably the most anticipated, his seventh is probably the most highly regarded of his symphonies. It is full of the angst that consumed him at the time of its inception...
