# Beautiful Beadweaving: Simply Gorgeous Jewelry

## Synopsis

This book contains 25 gorgeous projects which focus on creating detailed, stitched jewelry.

Isabella's original designs use common stitches such as peyote, herringbone, and right-angle weave and materials to make stunning wearable beadwoven jewelry. Her concise instructions incorporate step-by-step photographs that easily guide readers through the process of making necklaces, bracelets, and earrings. Additionally she uses materials that are easy to find: seed beads, pearls, gemstones, and crystals to make each piece unique.

Isabella Lam lives and works in Israel. She is a popular teacher at the Bead&Button Show that is the largest consumer beading show in the world. Isabella has been published in numerous beading magazines in Europe as well as in the U.S. including Beadwork, Bead&Button, and Bead Design. Fans can find over 100 different off-loom beading kits and tutorials on her Etsy shop. She lives in Haifa, Israel.

I loved everything about this book. I've made 4 of the projects so far and the instructions were very easy to follow and the pieces came out beautifully. I get compliments whenever I wear them. I can't wait for the next book my Isabella lam!

Love this book. Instructions and drawings are easy to follow. Designs have enough bling to be interesting but not so much as to qualify them for "evening wear". Many books have just one or two

designs that appeal to me, but I'm finding that with minor adjustments I can get most of the designs to fit my low-key lifestyle :) while my beading buddy can go full-on blingy!

I have really, really enjoyed working projects from this book. It has very easy to understand instructions with excellent diagrams and pictures to follow along with the instructions. The projects in here are all really pretty too, I can't wait to make them all:-)

Excellent book! Clear instructions, the diagrams are wonderful and easy to read, and the designs are just beautiful. I highly recommend this book.

Great patterns beautifully constructed and illustrated. I have many beading books. This one stands out with the best.

Beautiful and inspiring work, but a list of bead providers to the artist index would be appreciated. I realize that an artist does not want to promote any prejudicial purchasing power, but maybe special bead providers(whole sale or retail) can be listed by the publishing company. What a truly talented artist with whom I will purchase more of her inspirational periodicals.

Made one necklace from the book so far and I get occasional compliments on it. What is a little frustrating is the vast assortment of beads needed to make the one necklace. It gets remarkably pricey that way but if you have all the new beads in your stash in the right colors, like donuts and superduos and tilas and teardrops, then it would be manageable.

Absolutely lovely book with great and easily understandable instructions.
