Customer Reviews

How can this classic be anything other than perfect? This was a simple replacement for my old book that was worn out.

Very well put together book. Notation is clear and precise, and fingering notation works well. The book stays open on the stand as well.

Great selection at great price

Very good condition.

Schirmer Editions are always authentic and accurate. I've spent hours playing this beautiful music. Music is legible and large enough to be easily read.

Excellent Chopin classics

The preludes are a classic to own. I am used to the Henle editions, so this one took a little to adapt. It is still legible and well made.

I like this book because the piano pieces are not the simplified piano versions. Nice addition to my sheet music.
