The Incredible Dash (The Incredibles Step Into Reading, Step 3)

Synopsis

AFTER BEING FORCED to live normal human lives, the Incredibles have the chance to rediscover their superhuman abilities. But will these superheroes learn to work together as a family to defeat evil? Find out in this action-packed Step 3 reader based on the hit film, *The Incredibles*. "I've seen Step into Readings appeal to all ages. . . . The built-in levels and high-interest titles engage a variety of learners with different learning styles."--Franky Murphy, second, fourth, and sixth grade teacher.

AFTER BEING FORCED to live normal human lives, the Incredibles have the chance to rediscover their superhuman abilities. But will these superheroes learn to work together as a family to defeat evil? Find out in this action-packed Step 3 reader based on the hit film, *"The Incredibles."* "I've seen Step into Readings appeal to all ages. . . . The built-in levels and high-interest titles engage a variety of learners with different learning styles."--Franky Murphy, second, fourth, and sixth grade teacher.

This was gifted to my nephew's son who is interested in video games. The pictures are beautiful and eye catching. He will enjoy this!

My son, who is in the process of learning to read, is very familiar with Disney and the movies/characters (we live in Orlando). We started buying a bunch of these early reader books to introduce him to easy reading and keep the stories and characters fresh in his mind without having to watch all of the movie repeatedly. We have a bunch of these books and I would recommend them all. cute illustrations, generally keep to the original storylines, and inexpensive.

My 3 1/2 year old loves The Incredibles, especially Dash! It's hard to find many Incredibles books and we love the step into reading books so this was perfect. We got it for this Christmas and I'm sure he will love it. It is a level 3 with a lot words, but he has been sitting still for longer stories. He also checked out a couple chapter books from the library recently (not quite ready for them) and there are less words and more pictures in this book so I think this will be great. I'm so excited for him to get it!

Nice book

My daughter loves anything with The Incredibles. She is not of reading age, so she enjoys her bedtime stories. Nicely illustrated.

This is a short book that tells the story of the movie 'The Incredibles' from Dash's point of view. The writing uses easy words and simple sentences for kids, and if you're familiar with the movie (we are) then it's a great companion. Note that if you don't already know the movie the story may not make a whole lot of sense. Overall we love this book (and the movie).

Bought as a birthday present for my (now) 7 year old. He loved it! Still re-reading it again and again 5 months later.

Our PreK-1st graders love to checkout this book so when I found it in hardback I ordered it. I always look for hardbacks online when my paperbacks start falling apart and are beyond repair.
