# Ask Me About Polyamory: The Best Of Kimchi Cuddles

## Synopsis

A hilarious and touching comic about polyamory, queer, and genderqueer issues. If your relationships or your gender are unconventional, you'll find useful advice and plenty of laughs in this compilation of the wildly popular webcomic Kimchi Cuddles. Quirky, endearing and charmingly (and sometimes painfully) realistic characters, many based on real people, explore polyamory, queer and genderqueer issues. Covering practical matters like time management and serious topics like discrimination, this book unites the best of two years of Kimchi Cuddles comics, organized into a practical and entertaining guide to the real world of alternative relationships. Kimchi Cuddles is a rare mix: fearlessly true to the lives of the people it depicts yet relatable enough to entertain and inform anyone (maybe even your parents). Dealing with both lighthearted and serious subject matter, it avoids clichés and easy answers, choosing instead to give examples of different schools of thought and show the humanity behind each one. Wolf's honesty and gift for clear explanation have made Kimchi Cuddles a hit with the most dedicated polyamorists as well as curious newcomers.

## Book Information

Paperback: 144 pages

Publisher: Thorntree Press (September 15, 2016)

## Customer Reviews

Kimchi Cuddles is a wonderful comic that has helped many many poly people to navigate their relationships and to explain them to others. The warm and open style, and great way of getting complex things across simply, makes it one of the best relationship comics out there. --Dr. Meg John Barker, author of *Rewriting the Rules* Kimchi Cuddles gives us a window into a community of individuals with big hearts, open minds and serious relationship skills. Their willingness to share

their journeys with others through Tikva's work is a gift to everyone constructing relationships that don't fit the traditional model. --Sheffa Ariens, MA, MFT, Licensed Marriage and Family Therapist  
Hurrah for Kimchi! A fantastically relatable and relaxing space which provides a glimpse of the diverse extraordinary, made comically ordinary. Kimchi Cuddles entertains, not through politics, agenda or ideology, but through loving personal stories, and is therefore one of the most poignant and enjoyable reads I've had the pleasure to add to my non-normative literature collection. --Louisa Leontiades, author of *The Husband Swap* and *Lessons in Love and Life to My Younger Self*

Tikva Wolf comes from a long line of love-activists and has been drawing ever since she could hold a crayon. What she primarily cares about in art (and life) is connecting to people, creating dialogue, and spreading awareness. She lives in North Carolina. Sophie Labelle is a transgender author, cartoonist and public speaker, and the creator of the webcomic *Assigned Male*.

Cute book full of comics from Kimchi Cuddles, nothing new in the book if you have been keeping yourself updated on the online comic, but it is still a nice book to have. It is the perfect book to give to someone when they are asking what Polyamory is about, and how it works (assuming that they are asking out of genuine curiosity, and not planning on using everything you tell them against you for future fights). It frequently has comics about the daily struggles of being polyamorous, genderqueer, or queer in the modern day. Not a book for everyone, but if you have stepped even an inch into poly territory, I would seriously recommend reading this book. I love the book, I have personally read it, so has my younger brother, my girlfriend, and we are currently trying to persuade my metamour (girlfriend's boyfriend) to read the book when he comes to town (as he would love some of the jokes that he can relate to). My mother is thinking about reading it (as she is not polyamorous, but has nothing against my girlfriend being one, but my girlfriend's mother has made it very clear she never wants to see the book in her house. If you do get a copy of the book, just be careful on who you share it with.

If you are thinking about becoming polyamorous, this book will help prepare you for the hardships but also show you all the rewards that it could bring. If you are already polyamorous, this book will help you feel understood while the rest of pop culture is passing you by. If you know someone who is polyamorous and you are trying to figure out how they could possibly be so crazy, this book is the best chance you've got to get inside their head and see where they are coming from. This book (and web series) is brilliant, funny, relatable, and moving. I cannot say enough good things about it.

Ask Me About Polyamory is a fantastic exploration of the quirks and realities of poly relationships. The Kimchi Cuddles comicstrips show the many ways in which poly relationships are very much like monogamous relationships. The struggles, insecurities, and the basic need for honesty and communication illustrated in this book serve as a fantastic guide for those traveling on the bridge between relationship styles

Well written, amazing book

When I first read the comic's online I fell in love with the comic... There is so much wisdom in them in such a funny way. It makes you think and laugh and learn. The prints turned out really nice too.

Great book for those new or old to poly! Lots of different situations and a great conversation starter.

Really fun way to talk about Polyamory

Awesome book Pros\*\* 30% Inspirational\*\* 30% Educational\*\* 30% Humorous\*\* 10%

Wacky! Cons None
