The Healing Runes

Synopsis

Since the beginning of recorded history, the oracular tradition has been associated with healing and with the Divine. For Ralph H. Blum, the journey toward spiritual and emotional healing began with the 1982 publication of *The Book of Runes*. Since then, millions of people have welcomed the inspiration, guidance and comfort found in his interpretation of an ancient Western Oracle-- the Runes. At this time in history, a recognition of the relationship between physical health and emotional well-being is crucial. Created specifically to support traditional forms of therapy, healing and recovery, as well as all Twelve Step programs, *The Healing Runes* offers a new interpretation of this sacred oracle for all those whose lives stand in need of healing. When you are feeling alone or afraid; when you are sick physically or emotionally; or when your best friend is away and you need sound advice-- put your hand in the bag and pick a Rune. And when you are full of joy and praise and gratitude-- pick a Rune. *The Healing Runes* provides comfort for the heart, ease for the body, peace for the mind and nourishment for the soul.

"Ralph Blum's Runes are one of the world's great spiritual resources. They always speak to us from the depths of our own hearts."--Marianne Williamson, author of *A Return to Love*"If we suffer from any universal disease, it is shallowness of imagination. *The Healing Runes* offers a remedy for that malady. Not just relief from anxiety, but profound gifts that signal the presence of soul-- intimacy, pleasure, beauty, love and piety."--Thomas Moore, author of *Care of the Soul*"Blum and Loughan have created a unique, powerful and very practical tool for self-healing. Use it when you are in

conflict or in pain. Or as a daily ritual to tap your inner wisdom. These Runes place the power to accelerate your healing in your own hands."--Harold H. Bloomfield, M.D., author of *The Power of 5*

Ralph H. Blum is an anthropologist and a student of the oracular tradition. For almost thirty years, Susan Loughan has been a healer specializing in all forms of abuse recovery. In this new work, they have combined their talents to assist people in healing the body, the mind, the heart and the soul.

I haven't read it yet, but I know it will be very informative as I had an older one and returned it for this new complete set. I wanted one with the runes and I wanted be the first one to read and handle this book. The book is so worth the extra money, still in the original box and everything there, all looking new. It had not been even opened before. Can't wait to start reading, it just arrived today. I have so much to learn.

The Healing RunesÃ I purchased the cheapest book there was available; reading the review of the book it said "no dust cover available, fair condition" Being as I was paying just a little over a dollar for the book this satisfied me, but thinking back, I would like to know, 1. are the pages torn any? 2. are they moth eaten or is there any mold? 3. is there any water damage to the book? these would be important points to consider. I would also like to "see" a page or two from deep inside the book, not just the covers and a page or two inside, to see if it is what I really want. This book was not exactly what I was looking for but is interesting and informative so I am using it actively. I am happy with my purchase; it was performed rapidly and well, the book arrived in good time and in good condition. I will be purchasing through again!

used them for 25+ years. The best guidance and support. Love them. I read them for friends and have had some of the most interesting conversations that are insightful and meaningful.

We all our fans of the original Rune set from Ralph H. Blum, but we wanted to add this additional set to our collections for our use, and we are not disappointed, but as far as I know, we do tend to grab for our original set for general use whenever Runes comes to mind. We are many of us creatures of habit, so this reaction is not particularly surprizing. Mayhaps, when time goes on, we may grab for both, and give you folks, subsequent commentaries on this additional set at a later date. Blessings.

if you have the actual rune book this is a nice addition especially if you happen to read for clients as i do/have. thats mostly why i bought it. its not the "real" rune book though and shouldnt be confused with the original book and descriptions that come with runes the ones i have used for ages. during this era alot fo ppl were into "healing" via the 12-step programs and i know thats why this book was presented, as i mention, its a nice addition... for a while.

This is such an excellent book to describe the Runes for their Healing ability. I Highly recommend it especially to use it in conjunction with the Original Runes Book. The company that shipped it was excellent. The book was received in fine condition and within a very reasonable time. I also highly recommend them with a 5 star rating.

My son is very spiritually inclined, and he commented that he felt the power of the rune stones when he opened the package. It has helped him with his spiritual quest, and is a great tool to use. I also got another one as a gift for my daughter because of his comments. Thank you, you have a satisfied customer here. ~EM Williams

The Healing Runes! recently had a friend visit from the United States, as we took holiday in a private beach area to unwind and re-energize from our day-to-day lives. I noticed that she would venture off every morning with a book and a matching green bag, always returning with the loveliest smile and the brightest glow. After a few days I asked what she would go off and do every day, as I wanted to know her secret - we were in the most wonderful place to uplift anyone who would visit, yet there was something my friend was reaching everyday that no one else was. She simply said that she was practicing her daily ritual - taking in what the runes meant for her to know or remember that day. After an explanation of what "runes" were and how they can be used to not only heal but keep our spirits alive everyday, I immediately ordered my very own copy. I have never received such insight, love, nurturing, healing, awakening and energy, consistently, on a day-to-day basis. My friend was introduced to this set from being introduced to Susan Loughan. I am so very grateful that she was, because I now too can experience what it's like to have the loveliest smile and the brightest glow. Everyday.
