Seriously? We have this question again about where to go or what to do? Page back in my annual reviews. I've owned this guide and every new version for over a decade. This is the single best global guide there is. Period. Sure--there is google. Try that on your next trip. LOL. I've said this several times. I've removed underwear to pack this guidebook. I never jump the globe without it (of course until the new one is released--usually April-ish each year). This is so cheap....it's under 2 drinks in any upper class global club! Have fun!!! Five Stars 3. Juni 2015 From nelson - Published on .com
Excellent Book for the Gay traveler. A Must read.

HASH(0x9a1b78dc) von 5 Sternen A world perspective . 4. MÄrz 2014 From Idaholake
It's interesting. A new perspective on traveling . For what I bought it for its great. If I could travel and really thoroughly check it out I might change the rating .

Briand Bedford grew up in South Africa and traveled extensively before becoming the editor-in-chief of the Spartacus International Gay Guide in 2000. His studies and career in the field of International Hotel Management were helpful in the creation of the Spartacus International Hotel Guide. He is an expert in the field of gay travel and knows everyone who is anyone in the gay world. His publications are well known in the international gay community and include not only the Spartacus International Gay Guide, of which over 9.5 million copies have been produced since 2000!

Unique resource for world traveler. From my VERY limited knowledge, it appears accurate, although not as good at identifying "clubs/bars" that are primarily places to pickup rentboys, vs real clubs/bars for my taste (your mileage may vary) You have to find the codes (which are NOT intuitive) at the beginning and then have them available as you read (i.e. I actually made a bookmark of them) Having this as a Kindle or similar would be MORE valuable, and frankly I would have happily paid the same for it in electronic format. The book, the material and information are 5 star The cons are the difficulty using the codes, and only being a hard copy format

this book has replaced damrons as the go to guide for the lgbt audience. informative and clear to understand with explanations for abbreviations.

great data source

Very helpful. Extremely valuable for the world traveler.

essential for travel

I've been using this guide since the "80s". I travel all over the world with it.
