Customer Reviews

I just started marbling on fabric and wanted to read a little more. I found this book to be one of my favorites. Lots of good information and pictures and drawings demoing the different patterns. Even though it's a old book (1990), it has everything I wanted to know about marbling on fabric. For the beginner or someone who wants to learn more marbling patterns, this is a great book.

This is a well thought out book and easy to follow. I'm a beginner marble so I appreciate the clear instructions.

This book gives you all the basics to make wonderful marbled fabric. A good resource to have in your library if you are a fabric dyer or just want to experiment making your own unique fabrics for sewing, quilting, or other arts.

This book has been in my library for many years and I just bought a copy for my sister who wanted info on marbling. This is a great resource!

I was just learning about marbling fabric and need some reference books. There is a ton of helpful information and designs in the book. Highly recommend it for newbies.

so much fun

Good book

Good book if you're really into marbling.
