Seasons Of The Sacred Earth: Following The Old Ways On An Enchanted Homestead

Synopsis

“We are just one little family on a small homestead deep in a wild place. What we can do is small, but perhaps through this book we can impart the wisdom we have discovered. It is just this: spirit and enchantment and reality are bound together in a green world full of wonders.” — Living Green with the Spirits of the Land

In 2007, the Seruntine family relocated to a secluded Nova Scotia homestead. They made it a point to live gently upon the land by growing and raising their own food, living in balance with the surrounding forest, and honoring Nature’s spirits. In return, the land and the spirits looked after them. Seasons of the Sacred Earth follows life deep in their woodland hollow through a magical year. It is a marvelous journey into a place where gardens grow by love and magic, where children romp through enchanted forests, where mystery beckons by light of fireflies. And living close to Nature, they discover an ancient truth: the magical and the mystical are never farther than Earth and Sky.

Customer Reviews

Cliff Seruntine (Nova Scotia, Canada) is a naturalist, a practicing shaman, a writer, a fiddler, and has a psychotherapist private practice. Since 2007, he has lived with his family on their semi-remote homestead where they teach classes on buschcraft and homesteading. Visit his blog at CliffSeruntine.wordpress.com.

I loved this book! I savored it..... read it slow..... cause didn't want it to end. The author draws you in this magical, simple way of life. Living off the land in a rustic cottage.... honoring the seasons....

family & mother earth..... taking pleasure from all the creatures & this beautiful planet has to offer.... you want to step inside & live there, too. This is just what the Goddess ordered... the power of living each day & season with gratitude & love..... cherishing all the simple things in life! LOVED it!

Beautifully written. You will want to read it slowly to savor every word. The magical stories about the author's homestead are sprinkled with recipes, mythology, and other fun stuff.

I can't recommend this book highly enough. Very interesting and informative. This guy can write and I loved his stories. This is a journal of his family and personal experience living on a homestead in Nova Scotia. The pagan and spiritual experiences are fascinating. I just sent for his new book and plan to write to this author. I hope he keeps writing. I'll buy anything by him.

The Seasons of the Sacred Earth made me want to cut ties and live off the grid in the thick of the woods. The writer's style is eloquent and descriptive, and aids you in finding a connection to Nature that many of us may never have the opportunity to feel for ourselves. Even the cover is beautiful....

Reading this book was a sweet experience for me. I usually devour books; this one I savored like a fine wine.

Slowly, walking through the woods a fairy whispers in my ear... This book was a window into the life and mind of a true woodsman, thank-you.

Love this book.

I loved this book. Beautifully written and deeply spiritual without being preachy or condescending. Best purchase I've made in years. Highly recommended!
