I have had a copy of this book for 6 years, and it is still in great condition. Also, with all the chord charts available, this is still my "go to" when I need a to find a new chord. I bought this for a friend. We sing popular Hawaiian songs together, this book has a great collection of them. I truly recommend it to any beginning or advanced beginner.

If you want to be a true ukulele enthusiast, you must have a quality ukulele, a Hawaiian shirt, lazy evenings on the beach, and this book. This book, like no other ukulele book I have seen, submerges the ukulele player into the rich culture and Hawaiian influences of ukulele music and "ukulele philosophy." "Tiny Bubbles" is a beautiful Hawaiian song that warms the heart. One of the greatest romantic moments of my life was singing "Tiny Bubbles" to my love at the beach while the waves provided the roar of applause. "My Little Grass Shack in Kealahou, Hawaii" is a fun, upbeat song that forces you to sing part in English and part in Hawaiian, and is distinctly Hawaiian sounding, which makes it a great ukulele favorite. "Princess Poo-poo-ly Has Plenty of Pa-pa-ya" is another distinctly Hawaiian song with a chord pattern invented by the people of Hawaii. You might not know these songs, but if you want to submerge yourself into an island-attitude, this book and these songs will change you.

Wonderful.

I live in Hawaii and, after almost 40 years here, have begun to learn the ukulele. This book is SO MUCH FUN!!! I play the songs with my friends and we always end up cracking up. Some of the words are a riot. The chords are diagramed above the song so there is an instant reference. Though I have a stack of ukulele books, I recently traveled extensively and this book, Jumpin Jim's Gone Hawaiian, is the only book I took, and the only book I needed. It is like diving into a trip to Hawaii. The songs are easy enough to play, with some more challenging songs throughout so there is always an area for me to work on. I LOVE this book.

Perfect music for the ukulele... all my favorites.

good song selection of Hawaiian songs, easy chord diagrams. Like the selection of easy, medium and hard songs. Usually in a good voice range

The book is OK and the arrangements are good, but I miss a CD. I can't read standard notation and I can't find a recording of all songs featured on the book on the same key, so I can play along.

Great collection of songs and instruction in plain, clear language...easy to catch on to all the new concepts being taught.
