Basics Of Research Methods For Criminal Justice And Criminology

Synopsis

Reflecting the trend away from comprehensive hardback books toward briefer, paperbacks, **BASICS OF RESEARCH METHODS FOR CRIMINAL JUSTICE AND CRIMINOLOGY, 3e** combines accessibility and a conversational writing style with Michael G. Maxfield's expertise in criminology and criminal justice in a concise, streamlined paperback. In fewer than 400 pages, this popular book introduces you to the core of criminal justice research using the most current, real data available. Reflecting the latest developments from the field, it features coverage of such key issues as ethics, causation, validity, field research, research design, and more. The Third Edition also includes expanded coverage of web-based research and how to access and utilize new CJ data sets. Balancing coverage of both qualitative and quantitative methods, the text is packed with real-world examples, practical applications, and Internet research exercises.

Customer Reviews

Michael G. Maxfield is Professor of Criminal Justice at John Jay College, City University of New York. He is the author of numerous articles and books on a variety of topics, including victimization, policing, homicide, community corrections, and long-term consequences of child abuse and neglect. Working with students and colleagues at the John Jay College Research and Evaluation Center, Professor Maxfield developed the evidence generation approach to applied justice research. He served as editor of the *Journal of Research in Crime and Delinquency* from 2008-2016. Earl R. Babbie graduated from Harvard University before enlisting in the U.S. Marine Corps. He received his Ph.D. from the University of California, Berkeley, and began teaching shortly thereafter. Credited

with defining research methods for the social sciences, Dr. Babbie has written several texts, including the bestselling THE PRACTICE OF SOCIAL RESEARCH and THE BASICS OF SOCIAL RESEARCH.

good help

great quality

It's simple, straightforward, and helped to push forward my research. I'm grateful for the simple instructions to a complicated process. Very detailed yet never confusing. I like the examples they give to help me connect the abstract concepts to something unique. Great purchase.

I needed this text of course for school, but being an upper level course I knew it would be hard. Honestly one of the best and encouraging books of my college career.

coolBasics of Research Methods for Criminal Justice and Criminology

Good info, can be complicated to understand at times but that is why your professor is there -to help you comprehend.

I have taken many criminal justice classes and I could say that this is one of the best books I've read. This is my last class before getting my degree so I know that this is a great book. Also, it is my first "ebook" I love it!

Book was worn but still good, unclear directions on where to send this book back to when it is due.
