# Under Construction (By Design Book 2)

## **Synopsis**

It takes well laid plans to build a lasting relationship. Jameson (J.D.) Reid has years of experience designing tall buildings and even restoring majestic structures. She's worked to lay a solid foundation to her burgeoning relationship with Senator Candace Fletcher. But, love and architecture require different materials and tools. The landscape of Washington politics coupled with the opinions and intrusions of family are proving to be a bit rockier than most of the ground Jameson has had to navigate in the past. Can Jameson draft the right plans? Will the senator she has fallen so deeply in love with help her build on their still tentative foundation? Love is the main ingredient, but Jameson and Candace are finding their relationship is still UNDER CONSTRUCTION.

## **Customer Reviews**

Loved it! Under Construction is a well-written, enthralling, romantic, deliciously seductive, heart grabber; I recommend it.

I'm liking the story line. I can't wait to read the rest of this series. They are quick, good reads.

Okay...I finished By Design and Under Construction in two days. I want more and I know another one is one the way.JD and Candy are doing well together, but they are never together enough to be enough. Plus Candy's oldest daughter, Marianne, stirs the pot. But there's nothing like a family gathering (both their familes) to fix everything which could be wrong.Grandma Pearl again comes to the rescue with words of wisdom for all.

This entire series is addictive. You can't wait to get to the next book. You just have to see what Jameson and Candance are up to. With Candance's family and extended family involved the plots go from emotional to hillarious in pages. Leave it to JA Armstrong to write such a series.

Good read. Stories about Women living their lives and not young girls coming out is refreshing, especially for those of us who are well pass the coming out stage and function as ordinary women who happen to be Lesbians. HAPPY PRIDE TO ALL!

LOVE LOVE LOVE her series. Candace and Jamison are by far my favorites. Have read the series several times and is always my fall back when I am looking for something to read. Keep up the great work JA Armstrong!!

What a wonderful read. It's serious serious funny and a little emotional. The author has a great way of drawing you into the story and feeling every little thing. Real life stuff here! Maybe not the exact professional field, but I could relate to Jameson and Candace. I have a new favorite author. Excited for Solid Foundations.

I love this series, completely caught up with all the characters in this phenomenal series. Very well written. Thank You
