Customer Reviews

This tragedy of doomed lovers from warring families has inspired poetic expression from young lovers the world over. The 300-year-old drama is perhaps Shakespeare's best-known work.The

CliffsComplete Romeo and Juliet is a revised and expanded study edition. It contains Shakespeare's original play, a glossary, and expert commentary in a unique, 2-column format. To enhance your learning, notes and definitions appear directly opposite the line in which they occur, and a review section follows the play. This edition also introduces you to the life, works, and times of William Shakespeare.

William Shakespeare (1564-1616) wrote 37 plays. King Lear and Macbeth are widely considered his finest and most popular. They are, perhaps, the most frequently produced works on the planet.

I have to say that the information given in this book was definitely helpful. I liked how they summarized the following scene at the beginning of the scene and had commentary on the scene at the end. The commentary is definitly helpful, although it could be a little bit more in depth in places. It is particularly helpful how they define terms in the margins that may be unfamiliar to readers.Most of the information in the introduction/bio of Shakespere/etc. wasn't new to me and it seems pretty similar to the introduction in their other books, but it is still helpful for review and to readers who are unfamiliar with this information.Definitly recommended. Excellent study tool.

I work as a high school English teacher and I love the Cliffs Complete texts. I purchased Romeo and Juliet last year because it was my first time teaching the play and I wasn't too informed. There is a very valuable summary and analysis section after each scene which I found invaluable. Instead of having to peruse pages of literary criticisms and reviews, I just read this to get an understanding of the text. I imagine that college students (whether taking an intro course or advanced level lit class) will also benefit from using this text as supplemental to primary texts and sources.

The Complete Series is very well done. They provide a brief synopsis prior to each Act/Scene, translation of Old English in the right column and a great review at the end of each scene.

Good, because I read a high school teacher said it's good to teach and learn.

With all the Common Core hooplah, came a serious push in my district for Close Reading Strategies. The Cliffs Complete is great for that, because it has wide margins kids can annotate. Also, the background info and commentary are incredibly helpful for kiddos struggling with Shakespearean English.Overall, it's an excellent resource.

Thank you

Helpful for my high schooler.

What's Shakespeare for a teen without Cliff? Can't beat it.
