The Hypnotic Gastric Band

Synopsis

DO YOU WANT TO LOSE WEIGHT? HAVE YOU TRIED DIETS AND FAILED? DO YOU WANT A COMPLETELY NEW APPROACH? A Gastric Band is a radical, surgical operation that reduces the available space in the stomach. Paul McKenna's Hypnotic Gastric Band is a psychological procedure that can help to convince the unconscious mind that a gastric band has been fitted, so the body behaves exactly as if it were physically present. HOW DOES IT WORK? Along with the book, the system contains a link to download the hypnosis audio and an instructional video to provide complete support for physical and psychological change whilst you lose weight. There's no physical surgery, no scarring and no forbidden foods. Just follow all the instructions and let Paul help you lose weight. THIS EBOOK CONTAINS A CODE TO DOWNLOAD THE AUDIO AND VIDEO.

Customer Reviews

Love it! Listen to it 3-4 times a week. It helps, it works!

I've used his other product - I can make you thin - and it helped. This is not working for me.

Amazing, so easy and I have already started to lose weight. Had my doubts at first but I am so glad I took the steps to do this. Make sure to follow all the instructions and don't try to take short cuts. Highly recommend it to anyone struggling with weight problems and I understand as I have tried so many things in the past, this is the best.

I love all of Paul McKenna's books. It is great to have a CD and DVD with the book as this one is. It is always worth trying! It is great!

No written script provided. Not very informative.

Excellent resource and I highly recommend this book.

Total waste of money. I have never been so disappointed in a product. not worth the paper it was printed so poorly on!

Really liked this - was hoping for I guess more gusto. I used it like crazy and was hoping for more weight loss. As Paul said I might not be following the program exactly. But I Love both of his CD's.
