Customer Reviews

This book is very interesting and typically suitable for those who want to learn just the basics of Spanish for a quick tour in Costa Rica. I like that it is focusing on the most needed phrases for an English speaking tourist. But I had some difficulties in pronouncing some of the phrases and words, I think the author should have written each phrase pronunciation along with the translation.

I have never been strong at speaking the language. This book is Authentic and full of useful Information. It explained phrases I had heard but never before understood. This book is great... it goes way beyond the average tourist's 'quick reference guide' and thoroughly addresses all of those situations you find yourself in when traveling. Much more terms than I expected. With this with me, I'm sure we could manage to communicate just about any related need in Spanish. I highly recommend it.

Super simple and straightforward book with tons of useful phrases in English and Spanish language. They are divided in categories so you can easily find what you need. There is not much more to say about it, simple and helpful little book that can make your life easier in Costa Rica.

My cousin likes to travel, and this summer, she is inviting me to travel to Costa Rica with her. I got

this book so as to prepare me mentally and linguistically for the trip. This book is short but very useful since the phrases included are the basic ones needed for travelling and getting important points across when in a foreign land. I am very excited about the trip and now I am practicing the phrases to anyone who cares to listen. Thank you for this wonderful language book!

This book is a must have for people planning on going to Costa Rica, I myself will use this book a lot while I'm there. After a quick read I can tell this book is going to be a great help, it has been ordered very well so you can easily find key phrases at logical points in the book, for example; greetings in the first few pages. The author has done their very best to make it as easy as possible to speak in a foreign language. Great book, love it. 5/5

Want to travel to costa rica and learn spanish? You have bought the right book. This book will teach you thousand phrases that will have you travel around costa rica without any issues. You will not have communication gap. A good spanish guide.

helpful little book, easy to pack.

table of contents has no page numbers. it's a random shoot. don't buy this book.
