Guardians Of The Galaxy Vol. 2: Angela (Guardians Of The Galaxy (2013-2015))

Synopsis

Collects Guardians of the Galaxy #4-10. Spinning out of the dramatic conclusion of Age of Ultron, dimensions collide and Heaven's most fearsome Angel arrives - and comes straight for the Guardians! Gamora, one of the galaxy's greatest warriors, holds a deadly secret that could bring down the entire team. And when Gamora battles Angela, the entire universe hangs in the balance! Then, the galaxy's most mismatched heroes find themselves at a crossroads when the effects of Infinity begin to rise. Can even the mysterious Angela's power help combat the fallout from Thanos' master plan? And what will it take for Star-Lord to betray the entire Marvel Universe? The biggest blockbuster hit of the year continues as critically acclaimed artists Sara Pichelli and Francesco Francavilla climb aboard...and comics legend Neil Gaiman joins the team in this one-of-a-kind comic book event!

...Or, a rip in the space time continuum. Either way, this is what Valkyrie should be and still isn't.

She's a kick-butt warrior who doesn't take crap from anyone. And as soon as she and Gamora finish throwing down, they're sure to be good friends. Angela is a shot in the arm the GOTG needed after

the opening volume; and her Arrival upsets the Watcher, Uatu. "She cannot be here." She's from Heven, and all she knows of Earth are childhood stories - much like Earth knows of Heaven. Peter Quill was close to one of the ruptures when the event that brought Angela from her universe occurred; an event Tony Stark knows something about. And Thanos says will doom the Earth. Just another apocalypse! After Angela is introduced, the second half of the book is connected to the Infinity crossover, but isn't bogged down by it. Quill intercepts a distress call from Abigail Brand from the SWORD orbital station. The GOTG head to Earth to discover Thanos is trying to take it over! When their rescue mission goes awry, Angela arrives to assist and facilitate the Avengers arrival. That battle takes place "off screen" as part of the event. A lot happens in this volume but it avoids being a confusing mess by focusing on the characters. The volume closes with Angela and Gamora freeing slaves from the Badoon and Angela learning that the Badoon may know something of her people. Overall, Angela is sure to be a lot fun for the Marvel Universe, especially in light of what is coming in the crossover Original Sin. I can't wait to see what happens! Highly recommended.

The entirety of this volume is one giant supersonic a badoon prison planet. To that end, most of these issues focus on two man teams after specific targets, and some of the banter is really fun. There is also a reoccurring mystery of a "her" the team is after, but if you look at the cover of the collection you know it's Angela. The art is quite nice, I especially like the designs for Angela and venom.

Loved the first one and this one is just as good. Old tunes that were almost forgotten and others that I have always loved. Brandy is one of my all time favorites.

I am really enjoying this series i think Brian Michael Bendis did a good job with Guardians of the Galaxy and great art style

And now I've caught up. Decent story. Mostly good art.

I really like the art in these and like Angela's character - the last good GOTG book before they went all movie/kids friendly.

B.M.B kills it in this Vol. Yet again. keep reading!

Great artwork, the story is just OK though.
