Customer Reviews

For anyone who's ever wondered what to do with surplus baking soda or leftover bubble wrap, Green's newest book will provide the answer. The author of *Polish Your Furniture with Panty Hose* suggests how Arm & Hammer baking soda can be used to exfoliate skin and how bubble wrap can be stuffed into an empty pillowcase to make a fine back cushion. This book of cure-alls may raise

eyebrows, but Green maintains that these homemade remedies work: to cure insomnia, for example, Green recommends sipping a boiled mixture of McCormick Basil Leaves and Aunt Jemima Original Syrup. Though it's no substitute for actual medicine, this alphabetically arranged sourcebook offers suggestions for everything from soothing knee pain and relieving poison ivy to preventing hangovers and caring for nails. To cope with those midnight pains and aches-or to see just how many uses Lipton has-Green's suggestions might be good to have around. Copyright 2002 Reed Business Information, Inc.

"Get a dose of good laughs mixed in with some unusual health hints straight from the kitchen cabinet. Green is the author of several home-hint books, but she has outdone herself with this collection of home cures that range from using Adolph's Meat Tenderizer for a backache, curing a headache with Gatorade or Altoids mints, and getting rid of insomnia with Aunt Jemima's maple syrup. Some of these wacky cures actually work, and if not, you're guaranteed some great laughs just by reading the suggestions." --The America's Intelligence Wire "Kitschy yet practical book describing how to treat common ailments with household products. Get chlorine out of your hair with ketchup, stop sunburn with Cheerios and get a stuck toe out of a faucet with WD-40 (Don't you hate it when that happens?) For do-it-yourselfers with big pantries." --Detroit Free Press

good

My sister gave me this book, and I love it!!! I have used so many remedies from this book already, and if they work (which most do), then I write down the word "works" next to that recommendation. I bought two more of these books for friends of mine as Christmas gifts, and I truly think they will enjoy reading through them. This should be a definite addition to anyone's shelf of books!

I purchased 1 of these books many years ago and as my children grew up to be adults they would call and ask for cures for their ailments. I would open the book and give them answers from this book. So I decided to give get them their own book. The book is a very good 1. I had a good experience with and the people I purchased the products from. They were very fast at shipping and ordering was easy. Thank you. Nanny

Someone at work had a copy of this and I found it interesting to read some possible cures for different illnesses and the ingredients for the "cure" can be found in most households. I got mine for

only \$4 including shipping.

I have several of this author's books, and his suggestions work. If you can stand a personal testimony, I had a fungus under my big toe nails (only) and could not get rid of it. Over a year on prescription medicine, and it kept coming back. His suggestion was to use Vicks Vaporub. Within a few weeks, it was gone, and has not come back. That was over a year ago. Great books.

I love home remedies so this book is a must have. It gives you alternative uses for everyday products that you already have in your home. Enjoy it.

a friend of mine recommended several remedies for different ailments from time-to-time. I asked for the name of the text and found it at . "used text, good condition" was touted, so decided to purchase one. Product arrived in great condition; looked new, and I have been referring to the text for practical solutions to minor problems since then.

Great information to have around. From bug bites to burns, scrapes, and sore feet all the cures you need to make you comfortable. Allergies, sore throat, sunburn no bother the cure is here in this book. I love the STRANGE FACTS section a wealth of information to blow your mind. Do your-self a big favour order now.
