Two Girls Of Gettysburg

Synopsis

Lizzie and Rosanna are cousins. But when the Civil War breaks out, Lizzie finds herself committed to the cause of the Union, while Rosie is swept up in the passions of the old south. Torn in their alliances, each girl finds herself grappling with the brutality of war, and the elusive promise of love, until the battle at Gettysburg brings them together once again.

Customer Reviews

Once in a while I read a juvenile/young adult book. I bought this yesterday, when it was the Kindle Daily Deal, and I'm happy that I did. I couldn't put it down, and just finished it. I thought it was well-written, well-researched, and it was nice to have a book concentrate on the residents of Gettysburg and the effect of the battle upon them. I really enjoyed it. There is a little bit of swearing by soldiers, but not a lot. I have read much worse, and I am certain that today's kids hear much worse in school and on the street. There is some sexual activity, but it is all after marriage, not graphic, and done in a positive and tasteful manner. I think that this book is appropriate for 7th-9th

graders. I didn't like Rosanna at first. She seemed to be a mini-Scarlett O'Hara-flirtatious, shallow, self-centered, but she shows an amazing growth and depth, and although I still liked Lizzie, I felt that Rosanna was the stronger, and more admirable character. I highly recommend "Two Girls of Gettysburg."

A view of the Civil War and two cousins, one from the south and one from the north--who become close in Gettysburg,PA, before war breaks out. They reconnect during the Battle of Gettysburg--as one has served as a nurse with the South and the other living in Gettysburg as bullets fly and the wounded seek refuge.

The descriptions of Gettysburg during the Civil War, especially around the battle time, gave an idea of just how difficult that time was to live through. There is also some ideas of Southern difficulties. It was a good read.

I would totally recommend this book . It was awesome and full of drama love war and the story of two cousins and how's they were separated and met again after the southern girl Roseanne's returns from getting shot in the ribs .Lizzie from the union is left to run her fathers buther store when he enlists and her twin brother runs away to fight Roseanne becomes and widow and Lizzie falls in love

This was an excellent book on the horrors of Gettysburg and how two young friends, one from the South and one from the North who lived through the battle of Gettysburg. The writing was superb and very suspenseful. it was tough to leave it and come back. Would love to see it in a movie, although the battle scenes would be hard to take.

I thought this story was very good. It was well written, and having been to Gettysburg, I could picture in my mind the places that Lisa Klein was talking about. I've often wondered what the townspeople of Gettysburg did or did not do during the battle.

As a student of the Civil War, and Gettysburg in particular, I highly recommend this book. It is geographically correct. and historically correct. Many books about the Gettysburg Battle are boring.....This General did this and that General did that. This book shows the real life experiences that the people in this little town had to endure. Many historians say the war was not

about slavery, but it really was.

This book is a good example of the conflicts many families experienced during the Civil War. The battle locations were well described and the heartache of the characters were expressed accurately. I enjoyed this book.
