Camille Saint-Saens: On Music And Musicians

Synopsis

Camille Saint-SaÃ«ns is a memorable figure not only for his successes as a composer of choral and orchestral works, and the eternally popular opera *Samson et Dalila*, but also because he was a keen observer of the musical culture in which he lived. A composer of vast intelligence and erudition, Saint-SaÃ«ns was at the same time one of the foremost writers on music in his day. From Wagner, Liszt and Debussy to Milhaud and Stravinsky, Saint-SaÃ«ns was at the center of the elite musical and cultural fin de siÃ“cle and early 20th Century world. He championed Schumann and Wagner in France at a period when these composers were regarded as dangerous subversives whose music should be kept well away from the impressionable student. Yet Saint-SaÃ«ns himself had no aspirations to being a revolutionary, and his appreciation of Wagner the composer was tempered by his reservations over Wagner the philosopher and dramatist, suspicious as he was of what he called "the Germanic preoccupation with going beyond reality." Whether defending Meyerbeer against charges of facility or Berlioz against those who questioned his harmonic grasp, Saint-SaÃ«ns was always his own man: in both cases, he claimed, it was "not the absence of faults but the presence of virtues" that distinguishes the good composer. Saint-SaÃ«ns's writings provide a well-argued counter-discourse to the strong modernist music critics who rallied around Debussy and Ravel during the fin de siÃ“cle. And above all, they demonstrate a brilliantly sharp and active brain, expressing itself through prose of a Classical purity and balance, enlivened throughout with flashes of wit and, at times, of sheer malice. In this generously annotated volume, renowned scholar, seasoned translator and radio broadcaster Roger Nichols brings some of the composer's most striking and evocative writings brilliantly to life in English translation, many for the first time. Nichols has carefully chosen these selections for their intrinsic interest as historical documents to create a well-balanced and engaging view of the man, the music, and the age.

Book Information

Hardcover: 208 pages

Publisher: Oxford University Press (October 27, 2008)

Language: English

ISBN-10: 0195320166

ISBN-13: 978-0195320169

Product Dimensions: 9.3 x 0.9 x 6.2 inches

Shipping Weight: 15.2 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Customer Reviews

"Saint-Saëns's prodigious talents were not confined to music, for he was a sharp and engaging writer who was never afraid to express his views on the musical experiences of a long life. Roger Nichols has done a great service to those who love 19th-century music by selecting a series of illuminating essays on the great musical figures of his time, including Rossini, Meyerbeer, Berlioz, Gounod, Bizet, Offenbach, Massenet, and of course Wagner. The immediacy of Saint-Saëns's intelligent and always personal appreciation of these composers comes to life in Nichols's expert English translation."--Hugh Macdonald, Avis H. Blewett Professor of Music, Washington University, St Louis"Saint-Saëns, the urbane composer-craftsman par excellence, was also a perceptive and seasoned writer on music. Nowadays he might be regarded as opinionated and somewhat reactionary, but in contemporary France he was widely read and appreciated for his outspoken honesty and his colorful, direct prose. The objects of what Stravinsky called his 'sharpness' range from a defense of the old Paris Conservatoire to a courageous, but balanced attack on Wagner. Many of the essays are translated here for the first time by Roger Nichols, who captures Saint-Saëns' wit and clarity to perfection. His well-chosen selection makes entertaining reading, while Saint-Saëns' erudition and perspicacity give depth to this representative picture of Paris musical life around the turn of the century."--Professor Robert Orledge

Roger Nichols is a writer and broadcaster who specializes in French music of the nineteenth and twentieth centuries.

I ordered this biography to learn about Saint-Saëns--right from the "horse's mouth," so to speak. It is a very insightful group of observations by the composer of his musical milieu and views on his craft.
