Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher,

representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Has a great written guide to start you reading treble clef and playing the bari sax. A basic starter , clear and to the point. exercises simple so you have success right away!

First off, this book is for BARITONE SAXOPHONE. The "Essential Elements 2000: A Comprehensive Band Method" is a great book for a young person who is learning an instrument for the first time. There is a fingering chart in the back of the book to make looking up fingerings quick and easy. The book starts off very basic with the parts of the instrument. The easiest notes to play and finger are presented first with exercises to practice them. This book comes with a play-along CD. This CD includes all solo exercises. There is an older version of this book called "Essential Elements: A Comprehensive Band Method". The book is purple and has many of the same features as this one, but the CDs have to purchased separately.
