Hayao Miyazaki: Japan's Premier Anime Storyteller (Legends Of Animation)

Synopsis

Hayao Miyazaki is one of the world's most respected Japanese animation filmmakers. He is known for creating compelling characters, engaging stories, and breathtaking animation, all of which have earned him international acclaim while setting box-office records. Miyazaki, who began his career in 1963 as an in-betweenner for Toei Doga studio, soon found his true calling as an anime and manga artist, working on classic Japanese features and television series and writing the best-selling manga, *Nausicaa of the Valley of the Wind*. In 1985, he cofounded Studio Ghibli, and in 1989, wrote and produced its breakthrough hit animated feature, *Kiki's Delivery Service*. Since then, Miyazaki has directed some of the most successful and popular anime features of all time, including *Howl's Moving Castle*, *Princess Mononoke*, *Ponyo*, and *Spirited Away*, entertaining audiences around the world and raising the bar for the art of animation. Here is his complete story of becoming heralded as Japan's premier anime storyteller.

Customer Reviews

awesome book greatest ever

There is a little mar for edge. And actually is 120 pages.

As a big Miyazaki fan, I really enjoyed this audiobook. It gives a great perspective on both the breadth of his work, and the details of some of the films and their characters. Might be a little too much about the box office revenue of various films, but overall a good work. Well-read by narrator

Mark Douglas Nelson.

This book has about 5 chapters dedicated to Hayao Miyazaki. It begins with explaining how he started his career with animation all the way through the most recent of his movie releases. Has a bibliography at the end where you can look up further sources!
