Lab Manual And Workbook For Physical Anthropology

Synopsis

Master the concepts of physical anthropology with LAB MANUAL AND WORKBOOK FOR PHYSICAL ANTHROPOLOGY! With hands-on lab assignments that help you apply physical anthropology perspectives and techniques to real situations, this lab manual walks you through difficult topics such as genetics and the human genome, primate morphology and behavior, human osteology, evolution, and forensic anthropology. Many photographs, marginal definitions, key terms, helpful hints, exercises, and an extensive index emphasize important topics and make studying easy.

Customer Reviews

Diane L. France received her Ph.D. in 1983 from the University of Colorado and was certified in forensic anthropology in 1989 by the American Board of Forensic Anthropology (ABFA). She is currently on the board of directors of the ABFA and also a fellow of the American Academy of Forensic Sciences. Dr. France is the director of the Laboratory for Human Identification at Colorado State University and is the president of NecroSearch, International, a volunteer multidisciplinary team dedicated to helping law enforcement search for clandestine graves and recovering evidence (including human remains) from those crime scenes. Dr. France is well-known from her casting business and as a board-certified forensic anthropologist.
