I'll leave a short review since I don't have time to give all the details, but this is an excellent MUST HAVE Book! All of the Power of a Praying books are highly recommended and even if you don't

read the whole book in the first year you have it, the table of contents alone will remind you and/or make you aware of areas in your life where prayer is needed and actually intentional thought needs to be put toward in order to love a healthy, fruitful life with a peace of mind. Sometimes I go back to the passage for examples and scenarios and sometimes I go straight to the particular prayer that I am in need of at that moment and am always able to find a word a sentence a paragraph or an entire chapter that is right on time! Definitely my #1 go to book next to Praying Parent and Praying Wife. I recently ordered the study guide but have not used it yet. This would be a good bible or Group Study book or book to use for a personal fast or just like I do, whenever! Pretty much anything that you can think of as a woman, any struggle desire or temptation, it's covered in here. This is a great book to hand to new believers and to give as gifts to women in different walks of life. The price is good and the content is priceless! I haven't found anything conflicting with my spirit or with the word of God. The scriptures are relevant and lead you to the Bible and not away from it. Again, if you are on the fence about purchasing, I highly recommend you go for it and buy one for not only yourself, but for one or two other women in your life!!! Men, this book could also be helpful for you in understanding women in your life and supporting them better.

Always enjoy these books; very inspring. Should have bought the printed instead of electronic.

When I first ordered the book,"The Power of a Praying Woman and Study Guide." when I received it I realized that I also needed the actual book. I was eagered to start reading the book so I ordered it right away. To my surprise, I received it within a week. I was glad that I ordered the wrong book first. Otherwise, I would not have ordered the study guide. It is very beneficial with the book.(I received both books within a week after ordering them.) I recommend these books to anyone woman who desires to increase their prayer life and a closer relationship with God through studying the Word of God. Reading the book and answering the questions in the study guide after each chapter by backing it up with the word of God is really inspirational and gives you a better understanding of His Word and yourself.

Good book.

Must have

Since accepting Christ as my Lord and Savior I've wanted to grow in my walk, in knowledge and

understanding and for women I believe books like these help us in many ways with that.

I am reading the book and working through the questions with my sisters and it has been a great study.

loved this bible study
