Brooks/Cole Empowerment Series: The Reluctant Welfare State (Book Only)

Synopsis

Written in clear, lively prose, this highly respected book analyzes the evolution of the American welfare state from colonial times to present. The author examines how social welfare policy connects to an empowerment perspective, by showing how African Americans, Latinos, women, gays and lesbians, Asian Americans, Native Americans, the elderly, the poor, and other vulnerable populations, as well as social reformers, have achieved progressive reforms through policy advocacy. Part of the BROOKS/COLE EMPOWERMENT SERIES, THE RELUCTANT WELFARE STATE, 8th Edition, aims to help readers develop the core competencies and practice behaviors outlined in the 2008 Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE).

Customer Reviews

Bruce S. Jansson (MA, University of Chicago and Harvard University; PhD, University of Chicago) is the Driscoll/Clevenger Professor of Social Policy in the Department of Social Work at the University of Southern California (USC). He joined the USC faculty in 1973 after working in Pennsylvania and Michigan as a community organizer and planner for tenant rights. His scholarly interests focus on advancing mezzo, micro, and macro policy advocacy in social work, as well as examining the history and practice of social welfare policy. He invented the term "policy practice," which has become a required content area by the Council on Social Work Education. He recently developed

the first multi-level policy advocacy framework that discusses policy advocacy at micro, mezzo, and macro levels. He also has served as the Moses Distinguished Research Professor at the City University of New York Graduate Center. Dr. Jansson has written two books for Cengage: BECOMING AN EFFECTIVE POLICY ADVOCATE, now in its 8th edition, and THE RELUCTANT WELFARE STATE (8th Edition). Additional books include THE SIXTEEN TRILLION DOLLAR MISTAKE: HOW THE U.S. BUNGLED ITS NATIONAL PRIORITIES FROM THE NEW DEAL TO THE PRESENT (2001), IMPROVING HEALTHCARE THROUGH ADVOCACY, and SOCIAL WELFARE SECTORS AND ADVOCACY. He has authored four research articles that develop measurement scales to measure the extent health professionals engage in patient and policy advocacy, as well as predictors of their levels of engagement, and is currently working on a book on inequality.

Content was a little boring. Although it was important for my class

Good shape and overall I am pleased with the book.

Extremely wordy and quite boring.

Easy to read and understand, excellent information.

I was hoping for more, but I suppose the welfare system isn't about happy times.

Very educational book

Great book, need to purchase it for my collection. I rented it and wished I had purchased.

Perfect for class!!!
