Sultan In Oman

Synopsis

In 1955 the Sultanate of Muscat and Oman, southeast of Saudi Arabia on the Arabian Sea, was a truly medieval Islamic State, shuttered against all progress under the aegis of its traditionalist and autocratic ruler. But it was also nearly the end of an imperial line, for in those days the British Government was still powerful in Arabia. Rumors of subversion and the intrigues of foreign powers mingled with the unsettling smell of oil to propel the sultan on a royal progress across the desert hinterland. It was an historic journey--the first crossing of the Omani desert by motorcar. Jan Morris accompanied His Highness as a professional observer, and was inspired by the experience to write her major work of imperial history, The Pax Britannica Trilogy.

Customer Reviews

If one is interested in history in this part of the world, and a fascinating culture, then I highly recommend this book. Having visited the country twice in recent years, I thoroughly enjoyed reading about the sultan in power in Oman in the 1950s, and the description of the land and people then.

Note: The book, may currently be out of print.
