Rolling Stones -- Hot Rocks 1964-1971: Authentic Guitar TAB (Alfred's Classic Album Editions)

Synopsis

Hot Rocks, released almost four decades ago, remains the most significant Rolling Stones compilation ever. It is The Rolling Stones' biggest-selling album---more than 12 million copies! This book features all 21 tracks from this landmark recording--fully transcribed for guitar! Hot Rocks' traces the development of the songwriting team of Jagger and Richards. The album begins with the early cover recording of "Time Is on My Side" and then proceeds chronologically through most of the band's biggest hits from its first decade. Titles: 19th Nervous Breakdown * As Tears Go By * Brown Sugar * Get Off of My Cloud * Gimme Shelter * Heart of Stone * Honky Tonk Women * (I Can't Get No) Satisfaction * Jumpin' Jack Flash * Let's Spend the Night Together * Midnight Rambler * Mother's Little Helper * Paint It, Black * Play With Fire * Ruby Tuesday * Street Fighting Man * Sympathy For The Devil * Time Is On My Side * Under My Thumb * Wild Horses * You Can't Always Get What You Want.

Customer Reviews

It works but I'd love to know how to play some of the Stones songs faithfully without using all of the alternate tunings.

The tabs are accurate, including helpful information about Keith Richard's alternative tunings - something that can other trip you up when trying to play some Stone's songs. Highly recommended

if you want to get into the solos and the various guitar parts.

very good

Great book, contains both sheet and tab. All the Stones classics are in this volume.

Hot Rocks 1964-1971 it's ok.. remember there are quite a few tunes that are in non standard tuning.. so if you want to play them without a few extra guitars around, you'll have to redo the pieces for standard tuning.. and you won't get the 'real' sounds from the recordings. It's sloppily done. With errors and omissions.. and the sort of thing that can confuse or otherwise frustrate players depending on their level of experience. At least it's not outright insulting to the artists, as I've found w. Chuck Berry and even ZZ Top books. They should make a 'lesson' DVD to go with this. And if that was managed with corrections and no extra errors, it would be a much better product. gotta love those stones!

This Tab book also shows Keith Richards alternate tunings, and charts out solos, which make all the difference in the world. Excellent book for a person wanting to learn Rolling Stones classics.

A cursory review of Brown Sugar made me realize I would have to generate my own tab for it. The key feature of Rolling Stones music for guitarists is the rhythmic interplay or 'guitar weaving' as Keith Richards calls it. This is not featured in this edition. For example, 'Brown Sugar' has only one rhythm guitar part in the choruses. This is not nearly enough information to play this piece to any degree of accuracy or, ahem, Satisfaction. Please try again, Hal Leonard. Dan
