The Alpha Billionaire Romance Series Complete Boxed Set

Synopsis

Henry Lennox is a powerful man with unique tastes. He sits atop a media empire that he has built from the ground up. Surrounded by only the most beautiful and talented of women, he enjoys both success and excess. Stacy Caldwell is nervous as she begins her first day at Lennox Advertising. She notices immediately that she does not exactly fit in with this stable of model-attractive young women. When she somehow attracts the notice of Henry Lennox, she is unsure how to respond. She can hardly resist his appeal, in spite of herself. What happens when their affair draws unwanted controversy? Download your copy today! Erotica romance intended for mature audiences. This is the BDSMerotica Books Full Length Collection.

ASIN: B01LD6NC8G

Best Sellers Rank: #383 in Books > Audible Audiobooks > Fiction & Literature > Erotica #11056 in Books > Literature & Fiction > Erotica #80522 in Books > Romance

Customer Reviews

First off, I'll admit that I'm no expert in the genre of BDSM. I've come across a few such stories, and can compare the "Alpha Billionaire" series to these other works well enough. I am, however, a fairly well-read person, in general, so I feel even more comfortable talking about this series set against a lot of what you'll find from indie and small publishers on .com. Let's cut to the chase, shall we: Right away, I was impressed with the level of appeal to the senses (obviously important for the genre). From the very beginning, Taylor makes a point of drawing you into the story with sensory details, as a prelude to the later, steamier sections. For example, the protagonist, Stacy, notes the spray of mist on her face from the fountain in the lobby of the building where she's starting her first day of work. It's this attention to detail that helps keep you rooted in the story. Taylor never gets overbearing with descriptions (as some authors might), though, and always pushes the story

forward. Which leads me to the next item on the list. The plot moves quickly. Rather than getting bogged down or caught up in fluff or minutia, these stories manage to stay on target, and deliver to the reader exactly what he or she would want. The balance between background, setting, characters, and action creates a very appealing total package. The characters are believable and have the right degree of development to complement this kind of story. My one, small gripe concerns the dialogue. I sometimes found myself wishing that more contractions were used -- helps with the realism of the dialogue. Still, this was a very minor note in the grand scheme of things. Overall, I found the dialogue engrossing and kept this fast-paced, rather suspenseful story going right up until the climax (sorry, not sorry; I don't apologize for puns). To wrap up: if you are a fan of the genre, I doubt you'll be disappointed. This work is well-written (better than most I've come across) and looks like it's been subjected to the keen eyes of a skilled editor. There's nothing in here that doesn't need to be present, nothing to distract the reader from enjoying the story as it unfolds. Finally, FIVE books for 99 cents? You're not risking a whole lot for a series of fun and scandalous stories. Do yourself a favor, and give "Alpha Billionaire" a try.

If you're on the lookout for a light read then this book is for you! I am an avid fan of E.L. James and Sylvia Day so going into the book I was fairly aware of the BDSM involvement. As a reader who is always willing to give an author a fair chance I was impressed by Bridget Taylor's work. The story is fast-paced, it doesn't drag on longer than necessary and manages to keep the reader engaged. I'll admit that while the storyline and character growth may not be as developed as some would prefer, I thought that it was all very appropriate for a series of this nature. Taylor writes with the intention of thrilling her readers and keeping their attention! I find that Henry and Stacey are a rather fascinating couple and their dynamic together is engaging. As a female I found myself hoping Stacey would realize her worth, and perhaps she does in a way - with becoming Henry's sub. The relationship they develop is far from a normal and typical relationship however the respect and admiration they have for each other is endearing. I enjoyed how Henry at times seem very human, something I think BDSM writers lose track of. Instead Taylor created a bit of an enigma, he's a Master but he also shows moments of nervousness throughout the story. I found I was more interested in learning about Henry than I was Stacey. Overall I would recommend this book to readers who are interested in BDSM works and are looking for a light read that will entertain and entrance them. Bridget Taylor will draw you into Henry and Stacey's world and leave you wanting more!

Since I was looking for an author that was new to me and also something within this genre, it has been awhile since I have read anything good, I thought I would give Bridget Taylor a try. Henry is not a badly written character and Stacey does fall a little into the typical role during the story line. She perceives herself as someone who isn't interesting enough to catch Henry's attention only to be surprised that she did. This in itself can be tricky because I have found it to be a common theme in a lot of BDMS stories. With that being said though I'm pretty sure most authors are trying to show how this type of female character doesn't realize the power that they have to attract the type of man that the male lead tends to be. As to the story line I found that it kept me engaged, I can bore rather easily but I was able to read through the series in a night. There was a nice flow to the story and it actually flowed nicely through each of the books. Nothing irks me more than the books just don't fit together well. The characters are paired well and there is a little heat to the books. If you are not a BDSM fan this may not be for you but if you are looking for something a little racy and are open minded it is definitely something you should consider.

The story of stacy and Henry shows a beautiful arc in both her submission and His Dominance. I enjoyed reading the soft innocence at first. I loved how the end of it worked out. I wish i could find someone to love and honor like this.

I spent days trying to find something to read that would hold my attention for more that 5 minutes. This story grabbed me and would not let go until I finished it. Nice to find a read that has a little bit of everything. Love, romance, intrigue, and enough sex to drive a girl to the night stand next to the bed. Thank you Bridget Taylor, I will be looking for more books written by you.

A first rate series with characters that are well formed. What a pleasure to read a series of novels on this subject that doesn't have tortured people. The sex scenes are well done and never approach lewd. Most of all to have a woman discover her power in the way she does is thrilling. More than anything, how refreshing it is to have a clean light shining on their journeys
