I was very pleased with the speed of receiving this ancient writing... really delivers, prompt and on time. I still haven't read it all, but I have read some of the chapters. I am very pleased with the "additional information" that Jasher seems to give and support regarding the book of Genesis written by Moses [especially on the descendants of Esau and his children (Zepho); as well as the additional info on the parting of the Red Sea. (it was split in 12 streams)]. It is definitely a book I will be referring to over and over again for historical and biblical facts, as well as precepts. Highly recommended...Shalom! --Usually books that refer to Biblical time periods are difficult and slow reads for me as I strive to absorb the information, but this was a fascinating account of Cain, Seth, and other characters of the The Holy Bible, but included in this is an interesting part about Nimrod and Abram that explains a lot of gaps in the King James Version and even how Jacob mourned bitterly over what he thought was evidence of his son Joseph's death (who was actually sold into slavery). Everything jives with the dates and stories of the original books of Moses, but they give further insights and are easier to read. This was enjoyable! as the Mordecai M. Noah states, this is a "work of great antiquity and interest" and, apparently, one of the most accurate translations of the 1840 book left today. --This is a good historical account of things omitted and contained in the Bible briefly. It gives much more information on the things from Adam to Moses in the Holy Bible.

Some things are to be taken with a grain of salt, but others are definitely extremely enriching! When you read it, just ask the Holy Spirit to tell you what is true and what is not true, He will guide you into all truth. But it is a definite good read if you would like to color the pictures in that the Bible gives from Adam to Moses!!! --

IF YOU WANT TO KNOW ABOUT SOME HISTORY OF THE BIBLE - THIS IS THE BOOK - UNDERSTANDING HOW NOAH WAS BORN PUT A NEW MEANING TO LIFE AND HIS CALLING. THIS BOOK ANSWERED SO MANY QUESTIONS THAT I HAVE WANTED ANSWERS FOR. I ENJOYED READING THIS BOOK AND SHARING WITH MY FATHER - THOSE ARE DISCUSSIONS I WON'T EVER FORGET. I AM SO VERY GLAD I ORDERED THAT BOOK WHEN I DID - A MUST BUY!!!

Nice

I chose this rating because I wanted to know how Abram came into his faith given the fact that his father was an idol worshiper. I really liked the filling in of the time period from just before his birth up

through Noah's ministering to him about Jehovah and the flood. YES! I would recommend this book because it fills in a lot of blanks or time periods that would help you understand just it said that there is nothing done new today that has not already been done along with just how hard headed and disobedient man can be.

I had to buy this book a second time because I didn't keep track of who I loaned my first copy to. Very readable and informative - fills in a lot of detail omitted by the Scriptures.

I really like this book because of the biblical accounts in Genesis, Exodus, Numbers, Deuteronomy, and Joshua fill in the blanks the King James Version did not include. I felt like I was right there as history was unfolding with every account given. I don't have to guess what all happen during the great Deluge and during and after the Tower of Babel. I was able to learn more about Nimrod, Abraham and other biblical figures. I also like the book cover, it is colorful showing Egypt link during biblical times.

This book really adds to understanding of biblical scriptures and this particular product is very easy to read. It fills in a lot of missing details in the book of Genesis and clears up a lot of "unclear" issues (at least for me) in Genesis. Very nice product and I would consider ordering another extra-canonical book from this author.
