Customer Reviews

This is a great Christmas book for the young beginner student. I gave it as a Christmas present to one of my younger students. He loved it and has enjoyed learning the Christmas songs. I gave it to him so that he could learn one song a week leading up to Christmas. It is also a great companion book to the Primer Level Piano Adventures books.

Just started teaching beginner piano lessons and the kids are so excited to learn Christmas carols. They have only had a few months of lessons using the Primer Level books and they are already able to play some of the songs which makes them very happy.

Primer level but the student should be able to recognize steps, skips, etc. from sheet when playing the music.

I'm teaching two 6-yr-olds, and they love this book. The extra "stocking stuffer" pages are perfect to

practice some additional sight-reading. It is a great addition to the Primer level books, and would be fine as an addition to another series.

I bought this for a few of my very young students and I like that all the pieces aren't necessarily any harder than the other, they're all at the same level (so it's not like the first piece is the easiest, and the last is the hardest). However, I noticed that especially in this level christmas book, there are quite a lot of songs that I didn't recognize, and the kids didn't either which was a little off putting since in a Christmas book, everyone wants to just play all the stereotypical pieces, especially the young one. That is my only complaint, everything else is great, and it's not too long so you could just work on X-mas repertoire for the month of december and be done with it.

Great beginner book. Loved hearing my first year child play traditional Christmas songs in just a few short months.

These are great beginner piano books. My daughter is learning piano right now, and this is a perfect beginning Christmas book!

Nancy Faber books are very easy for students to read and learn from. Our beginner student (granddaughter) thrives on her books! Very good!
