Synopsis

Julie Wallace is just eighteen in 1934 when her father risks their life savings on a struggling newspaper and moves the family to a flood-prone Pennsylvania town. It is here a young woman's convictions take firm root, as Julie finds herself taking sides when battle lines are drawn between desperate steelworkers and the mill owners who control their lives. And it is here where her heart and her loyalties are torn, divided between two special men. But when a devastating natural catastrophe becomes the ultimate test of courage and commitment, Julie's remarkable inner strength will come to the fore -- a strength born of faith and love. And don't miss Catherine Marshall's beloved bestseller: *Christy*

Customer Reviews

Marshall, author of the classic *Christy*, drew on her life experiences for this coming-of-age story in which a young girl discovers herself and the strength of her faith. Teens especially will be drawn to this tale, and the new edition of this 1984 publication offers the perfect excuse to replace worn-out copies. "A novel with a fresh innocence...a great vividness, and power." (Milwaukee Journal Sentinel)
"Irresistible" (Kirkus Reviews)
"Fans of Catherine Marshall's best-selling novel *Christy* won't be disappointed by Julie!"

(New York Times Book Review) "A fine story!" (Miami Herald) "Magnificent." (The Listener)

As Julie becomes of age in 1930's Alderton, Pennsylvania, she discovers not only her writing talent but also her sleuthing talent, while doing research for her senior project. She begins to uncover something mysterious about a dam just outside of town that some very powerful people would rather she leave in the dark. Julie is undaunted by the fact that she has so much trouble getting information about the dam and the environmental damage it could cause to the town, if it has not been properly maintained. She and her father hope to use his newspaper, the Sentinel, to expose Julie's findings. Julie will have to be very determined. She wants her own byline someday, she has to work with her father's secretary, Ms. Cruley and she's falling for Rand Wilkinson, the Hunting and Fishing Club's assistant who may know something about the dam that she is investigating. She must go forward with her investigation if she is to expose any wrongdoing. But she must also tread softly. This book is not like *Christy*. It is not about a young girl who went into a backwood community to bring hope and a better life to them. I would like to have known that but I have to admit that I like Catherine Marshall's writing so much I probably would have purchased it anyway. I would like to have known about the mystery and intrigue as you read toward the middle of the book. That definitely would have pushed me to make a purchase and maybe others too. The beginning of the book had me wondering if I did the right thing by buying it but it does get better so keep reading.

I loved this book when I read it years ago. I like the complex issues Mrs. Marshall addresses: prejudice & discrimination, psychological illness, the dangers of unrestrained greed, the necessity of friends and family during life's difficulties. The story is about a young woman coming of age on the task end of the depression. It addresses many issues that are common to most women of that age even in our modern world. Having it on CD is great for a busy lifestyle. This was a library "book" that had been taken out of circulation. That made it very affordable as well.

I love this book. I have read it several times and wanted to own the book. Thank you so much

She has great insight and is very inspirational. She goes into great detail so that you feel like you are right there and know each one of the characters as if they were your family and friends. Highly recommend it to all ages.

Step-child to Christy, and yet worth reading.
