Introduction To Paralegal Studies: A Critical Thinking Approach (Aspen Paralegal)

Synopsis

Comprehensive, intelligent overview of all the key concepts covered in a typical introduction to paralegal studies course. Introduction to Paralegal Studies, Sixth Edition combines an introduction to law and legal concepts with practical information about what paralegals actually do in the legal system. A critical thinking approach used to introduce students to the study of law, encouraging them to interact with the materials through hypotheticals, examples, and well-designed questions. The text is divided into four parts, reflecting the topics addressed in an introductory course: Part I: Paralegals and the American Legal System Part II: Substance of the Law Part III: Legal Analysis and Research Part IV: Paralegals and the Work World.

Great book for an introduction into tasks that a Paralegal may face in his/her professional career. Book does not go into depth for many topics, but introduces it briefly- hence why it is an introduction. Good book to read about if you're interested or want to know more about the Paralegal profession.

I had to use this book for a paralegal class and it was VERY good writing for the new paralegal. The book was actually better than the teacher. I believe this author writes from the perspective of someone who has no knowledge of being in law and takes you step by step into the process of becoming a paralegal.

Really liked reading this textbook way ahead for class, it's easy to understand and straightforward. Makes me think twice about reselling it.

I found the book to be very comprehensive. It provided a solid outline of the elements necessary in preparing for a career as a paralegal. I'm retired military with a graduate degree in HR. This book helped provide the initial guidance needed to establish a platform of understanding.

Book was in good condition

The school bookstore wanted ALOT more for this book than I paid here, and I got it in 2 days. It's in excellent condition and it came with a link to free online help in this subject area. Im very pleased with this purchase.

wouldnt have passed my class without this! amazing book and good condition

This book is very helpful. The vocabulary words and ethics insights are great additions. The used copy I received was in pretty good condition.
