helpful and interesting read, I picked up the Quantum reel and Tsunami rod he suggested in the book as well and it is a great combo especially for a total price around \$120. Caught a 36" striped bass livelining on this combo the first day I had it out!

Nobody does it better!! Book is a great accompaniment to his YouTube channel, which is also incredible helpful and straightforward. Check out his striper and bucktail books also.

The book is really good, but what makes it great, and different than other fishing books are the videos that go with it. Awesome!!
