Customer Reviews

This is a tiny little thing, cleverly folded origami-style. Closed, it fits in your pocket. Open, it's about 6-inches square. Which means it's really too small for a walking map, and too undetailed for a driving map. It's a clever idea, but I'm glad I found a real (Michelin) road map of Oslo.

Perfect for our needs

The size was nice since it fits in my pocket. But many street names are not shown, and I had to get out my smartphone, turn on cellular, and use Google Maps. I wouldn't buy this again.

Haven't received it yet--expect to really like it, since I already have quite a collection of PopOut Maps for other cities.

Well made map, easy to use, easy to carry around and well worth the price. Very helpful when visiting Oslo, Norway
