Essential World Atlas, 9th Edition

Synopsis

An encyclopedic view of the planet, this comprehensive visual reference is a guide to the world's continents, regions, and countries with more than 90 maps and detailed fact files on every nation. Use Essential World Atlas, 9th Edition to see different views of the globe through a series of thematic maps detailing the political and physical world, time zones, the global economy, populations, languages, climates, and regional conflicts. The high-definition maps were created using the latest digital techniques and satellite data. Covering 80,000 geographical places, the topic maps cover everything from land use to industry. Look up key statistics using data profiles, stay in the know with a glossary of geographic terms, and easily find the information you need with an index comprised of more than 20,000 entries. Fully revised and updated to reflect recent geopolitical changes, Essential World Atlas, 9th Edition is a reference perfect for work, home, or school that truly lives up to its name and sets new standards in cartographic excellence.

Customer Reviews

Small, but at the price, a great deal. Has everything I needed, albeit a little small. Probably would've ordered a bigger version if I had it to do again, but it is a great resource to Europe, which is what I needed as I have been reading Sir Winston Churchill's history of WWI.

perfect size for 7th grader to carry to school as part of required purchase.

No legend on most maps

just as expected-chuck full of updated maps and information for the novice who wants to explore the planet and area where we live. thanks for the timely arrival and a non damaged package.

Quite comprehensive for a smaller atlas. Would love to have a bigger atlas, but can't afford one at this point in time.

Ok very good book

Gave as a gift. Much appreciated by recipient!

Best book I ever purchased. We can never know too much about the world in which we live.
