The Revolt Of The Cockroach People

Synopsis

The further adventures of "Dr. Gonzo" as he defends the "cucarachas" -- the Chicanos of East Los Angeles. Before his mysterious disappearance and probable death in 1971, Oscar Zeta Acosta was famous as a Robin Hood Chicano lawyer and notorious as the real-life model for Hunter S.

Thompson's "Dr. Gonzo" a fat, pugnacious attorney with a gargantuan appetite for food, drugs, and life on the edge. In this exhilarating sequel to *The Autobiography of a Brown Buffalo*, Acosta takes us behind the front lines of the militant Chicano movement of the late sixties and early seventies, a movement he served both in the courtroom and on the barricades. Here are the brazen games of "chicken" Acosta played against the Anglo legal establishment; battles fought with bombs as well as writs; and a reluctant hero who faces danger not only from the police but from the vatos locos he champions. What emerges is at once an important political document of a genuine popular uprising and a revealing, hilarious, and moving personal saga.

Book Information

Paperback: 262 pages

Publisher: Vintage (August 28, 1989)

Language: English

What emerges is at once an important political document of a genuine popular uprising and a revealing, hilarious, and moving personal saga.

I needed the book for a course, I received the book on time, in perfect condition. Love-hated the main character omg. Great read.

This book was very entertaining, and an interesting look into the militant Chicano movement in L.A. I do think that a reader should know something about the broader Chicano movement in order to appreciate the book's value. I highly recommend the read, but do be aware that the book does not represent the entire Chicano movement (during that time period or now). For example, there are many parts of the book that could be critiqued from a feminist perspective.

Funny

Bought this book for my son. He enjoyed the read.

Brilliant.

Great book on an almost forgotten movement. A very different perspective on it than in Hunter Thompson's *The Great Shark Hunt*.

Frigging good

Good
