Word Magic: The Powers & Occult Definitions Of Words

Synopsis

Is there more to words than meets the eye? Let us tumble down the rabbit hole to explore the world of magic, words and legalese, and I will show you proof that there is more to words than meets the eye. This magical journey will teach you how words can be used to empower or disempower you. Once you learn how powerful words are and how to apply them wisely to your life, you can use them to empower you to defend your rights, manifest your desires and achieve spiritual freedom. What is word magic? Word magic is the art of communicating using sacred sounds and symbols to direct and control energy to produce certain desired effects. All words have magic properties. However, certain words have more magic properties for the reason that they carry more energy and intention. This is why during magic rituals certain specific words are used. Because word magic uses sacred sounds and symbols to direct and control energy, it is one of the most effective tools to use for achieving desires or programming the subconscious mind. Because of this, it is heavily used by religious institutions, corporations, courts, banks and governments. The word magic techniques used by religious institutions, corporations, courts, banks and governments are shockingly revealed in this enlightening book. Through *Word Magic: The Powers & Occult Definitions of Words*, you can explore a hidden world that shows you how words shape your reality. This enlightening book is not your average book because it explores magic and the powers of words to the core of reality. Furthermore, it has a lot of empowering knowledge that is rarely found in the public domain. By reading this empowering book, you will know how powerful words are and why learning how to use words wisely can help you achieve success and freedom, and empower you to defend your natural rights.

Much to swallow, even though I've studied this subject before. Not word magic, but the power systems controlling present 'reality' on Earth. Pao Chang writes clearly, convincingly and with simple passion. I will definitely be reading more of his work. After a concise study of how words are used by governments, business and religion to control the population, Change gives straight forward steps to extricate oneself from these controlling powers. Important work. Thanks to the author.

My impression of your knowledge of the subject is that you seemed to know what you are are talking about...except in one major area. I believe as you do that mainstream religions (Christendom) are a tool used by man to control minds. However, your religious philosophy seems to follow along with the Eastern/Asian point of view. After listening to you speak of the Dark Forces I kept thinking of the Star Wars sequels, how it also denies a supreme being in favor of a two-sided Force that could be used for good or evil. You did mention a Supreme Creator but here again nothing specific is said about the Creator, leading back to the Eastern/Force mindset. You also mentioned that you had some background in Christianity from the Baptist religion. But your knowledge of the Bible is scant to say the least. If you based your conclusions about Christianity on such mainstream religions only that would account for your deficiency. As for Jesus Christ being only a Bible character, that was a gross understatement of reality, also likely a deficiency of knowledge on the subject. For example, if our western calendar viewed Christ as only a Bible character why did it use his appearance on the world scene as the basis for the major divide between the world of antiquity prior to his coming and the age of Christianity presented to us by the world at large? No sir, Jesus Christ was more than just a character, a lot more. I suggest that you stay away from quoting Biblical verse (especially from the outdated and highly "political" King James version) until you have a more thorough knowledge of the subject. On the subject of "dark forces" consider what the apostle Paul said, "...we have a struggle, not against blood and flesh, but against the governments, against the authorities, against the world rulers of this darkness, against the

wicked spirit forces in the heavenly places."-Ephesians 6:12 (NWT) Thus, by ourselves we can resist the dark forces mentioned up to a point; but we could never defeat them without God's help. These "Dark Forces" you mentioned are not simply humans with an agenda. They support a far more powerful adversary, Satan the Devil, and his demon supporters. In fact, most of the secretive societies behind the "Dark Forces" make no bones about the fact that they serve Satan. In conclusion, in order to see the truth about the Bible you must either believe all of it or none of it...which means you have to be fully educated in it first. You can't pick and choose. The Bible has been used and abused by those who would pick and choose what they want out of it, which is how the apostasy of the Roman Catholic Church and the other denominations that followed chose to obscure the Bible's meaning with false doctrine and pagan religious teachings/customs in the first place.
