Cartographia, organized in 1954, is the largest map publishing company in Hungary. Its tourist, city, and road maps, and atlases, cover destinations throughout Europe and other parts of the world. The firm has also produced cartography for well-known map-publishing houses such as Falk, Ravenstein, Hallwag, Freytag Berndt u. Artaria.

So wonderful to have an idea of just where my grandparents immigrated from

Just what I asked for

We won't really know how good the map is until we get there. It seems detailed and seems to have what we need.

The detail of the map made it easy to travel unknown roads/areas. Small maps of the major cities (like the capital) would have made it even better.
