Customer Reviews

CHRISTOPHER BLACK, MA, is the founder and director of College Hill Coaching and the creator of the College Hill Method for developing reasoning skills. He has been a consultant to some of the nation's leading educational publishers and software developers and is the coauthor of McGraw-Hill Education: SAT 2015. MARK ANESTIS, MA, is founder and director of The Learning Edge and author of 5 Steps to a 5: AP Biology.

This is a very nice book to practice tests. This book does not have any review material. For the students who are looking for review material Gruber's Complete SAT Guide is a good book. The students who are self-motivated, focused, and hardworking can use the following three books and achieve great scores. This way they can save a lot of time and money without going to SAT Test Prep centers. McGraw-Hill Education 12 SAT Practice Tests Gruber's Complete SAT Guide Dr. John Chung's SAT Math: 58 Perfect Tips and 20 Complete Tests (one notch higher in complexity of the problems)

The large font and spacing of this book becomes a problem once you encounter constant page flipping. Also, it seems as if the questions are more ACT like. I do like how the questions are much harder than in other books and the stories in the reading portions are much more soporific.

What can I say? It's 17 bucks and you get a new book full of SAT practice tests. Relatively cheap for 12 tests, so I'd say it's a good buy.

Any practice my son can get. The more the better. This is one of many we're tackling.

Nice explanations but a fair amount of errors like the printed answers and explanation given answers don't match or they don't correctly write the problem

This is one of the very best SAT books. The additional study material is outstanding. My students really learn from this, and their scores go up when they use and follow the guidelines.

SATISFIED PRODUCT

great deal
