Pretest Anatomy, Ninth Edition (Pretest Basic Science Series)

Synopsis

Featuring a bold new look both in and out and a brand new title in Pathophysiology, the totally revamped PreTest Basic Science series offers an unrivaled study regimen for course work or examination preparation. Each title contains 500 multiple-choice questions which parallel the format and degree of difficulty found on licensing exams. Detailed answers are provided along with references to the recent literature and a bibliography. When used in concert with the appropriate PreTest simulated exam, these titles provide an authoritative review for USMLE Steps 1, 24 as well as FMGEMS exams.

Customer Reviews

This product was really helpful for studying and learning high yield concepts and material. The shipper sent it on time.

Excellent book to quiz yourself with. Filled with great clinical questions to keep you on your toes. Perfect to study up for tests, quizzes and even for the boards themselves.
