Time Of Death (In Death)

Synopsis

#1 New York Times bestselling author J. D. Robb presents three In Death stories that spotlight Lieutenant Eve Dallas doing what she does best: solving crime with skill, integrity, and passion—“together in one volume for the first time.”

ETERNITY IN DEATH A seductive killer is luring in victims with a promise of the impossible—immortality. Eve Dallas must strip away the fantasy to catch the coldhearted madman.

RITUAL IN DEATH Eve is plunged into the violent aftermath of a ritualistic murder—and into the mind of an alleged witness who can’t remember a thing to save his life.

MISSING IN DEATH When a woman disappears from a New York City ferry, it’s a case that only Eve Dallas can solve—“because the woman didn’t jump, and yet she’s not on board.”

Customer Reviews

I noticed that these were reprints when after I pre-ordered the book. However, since I have been wanting to get a kindle version of the In Death series, I decided to go ahead since I thought this was a good price for three of the back titles. Unfortunately, these are not full titles. They are reprints of

Novella's that appeared in other collections. Still a good buy if you haven't purchased the individual collections - but very confusing marketing by the publisher. Therefore the low rating for this title, when the actual content is never less than 5 stars. To provide the information that the publisher should have, here is the original publication information for the titles in this book - I just wish the publisher would tell the truth in the first place. Based on interviews that I have seen of Nora Roberts, and the ethics that her characters display, I find it difficult to believe that she condones these business practices that damage her reputation. I wish she would change publishers. Maybe we should start a writing campaign to her to recommend that she do that. Eternity in Death - the novella from 'Dead of Night' Ritual in Death - the novella from 'Suite 606' Missing in Death - the novella from 'The Lost'

These are all good books but just FYI they are reprints. I hate when they do this because it never fails but that I buy the dang book and I've already read them! All of Nora Roberts/JD Robb books are good. She's a great author but they need to be more specific when they put separate books in a collection so we don't end up paying twice for the same book.

Loved all three stories -- each quite different. What is not different is Eve and Roarke both stubborn and butting heads and always loving each other. Every book of the "In Death" series I have read I have been thoroughly entertained. Quirky stories, gruesome stories, human stories and always Eve going for what is right -- morally. Love it.

Nora Roberts continues to write in a fashion that keeps your attention. A balance between work and personal life of Eve. I enjoyed the three short stories as they gave me a break in reading. The In Death series is my favourite series to read. The plot twists are as exciting as their love life. A good read for anyone enjoying a series of books written about the good guys.

Always some new way to murder and escape when dealing with the future world and Eve Dallas. And always, she is one step or more ahead of the killer.

Another intriguing In Death short story collection! Lt. Eve Dallas faces new challenges in 3 separate scenarios. Using her great cast of characters, Nora Roberts presents 3 faces of evil...and Dallas, in her inimitable style, manages to stay one step ahead and solve the crimes. Lovers of the In Death series will enjoy these short stories while eagerly awaiting another full length novel!

I loved all of these books rolled into one. Each one of these was exciting and I was never able to put it down until the end.

This was not a good read. Back to better authors and the New York Times book reviews for me. Not recommended is Time of Death.
