Federal Rules Of Civil Procedure (2017 Edition): With Advisory Committee Notes, Overview Of New Amendments & Recent Cases On ESI Sanctions

Synopsis

2017 edition, now with larger print. A current edition of the Federal Rules of Civil Procedure is an important resource for lawyers, paralegals and law students. The same can be said for the Advisory Committee Notes that can be extremely useful in understanding and applying the Rules. This book contains both of these authorities and is current through December 1, 2016. In addition, this book discusses recent case law addressing Rule 37(e), perhaps the most significant change in the 2015 amendments to the Rules, governing sanctions for failure to preserve electronically stored information.

Customer Reviews

Content is great but the font is sooo small. They could have raised the font size and only added a few pages to the book. You almost need a magnifying glass to read. Great price so it is a shame that they screwed up the publishing with the font size.

This really clarifies the current rules.

Updated for 2017. Nice price.

This will be another valuable research and resource addition.
