I thought I'd read all the Eternity Springs book, but somehow overlooked this one. For me, it represents all that is best about Eternity Springs. The main characters, Sage and Cole faced real problems that kept them from moving on. As the story progresses they support each other and learn that they were damaged but not destroyed and that their growing love wouldn't bring problems. I love all Emily March's characters, I love Eternity Springs and I just spent a delightful morning absorbed in finishing this great book. Thank you Emily March, somehow you brought me peace.

I sooooo enjoyed this story. The author was skilled. The story was difficult to put down, and even the proofing was a little above par for a kindle copy. You go enjoy while I go find more books by this author to consume

When a writer is as good as Emily March, reading her work becomes a participative experience. I argued with the characters, found some of them selfish and ungrateful, others lonely and sad. In this story I found romance, humor, love, laughter, forgiveness, redemption and so much more. Most of all it was pure joy revisiting Eternity Springs and all the quirky characters.

reading the book for the second time and find it just as enjoyable as the first time.

Loved this book and could not put it down. Doctors Without Borders is a wonderful organization but I

can see how some of them suffer from PTSD? I admire them for the dedication to their patients and to helping make the world a bit better each day. Can't wait to read another of Emily March's books!

I love how such overpowering grief was overcome by such a determined love! I began this book in the wee hours this morning. Went to bed and worked for the day, came home and finished it. Couldn't stop reading it! On to the next book!

The story and how it dealt with past regrets, PTSD and bringing family together made me wish the book wouldn't end! I cannot wait to read the next book in this fantastic series!

If there were more stars I could give to Emily March's books I would. I love her writing style and the way her characters are developed. She has a way of making them jump out of the book and come and sit with you for a while. I can't recommend her books enough.. So far everyone I've read I've loved. Now I'm just waiting for March to get here.. I can't wait to read the next book in the series. :-)
