Customer Reviews

BOO! This is supposedly a book, this is a pamphlet, maybe. It is so small and insignificant the pages aren't even numbered. and \$11.99 that is like 50 cents a page. What a rip off. Their words "This book uses captivating images and expertly written words to teach children about a range of subjects"???? Crappy black and white images, with one paragraph per page. Super Uncool.

I enjoyed my tour of this Island! I found it very interesting myself! Just the right amount of info and wonderful photos, too! I recommend this for kids and up who would like to take an armchair or sofa tourist guided trip in Jamaica at no extra big cost or flying there and back, so for these reasons I feel it needs five stars. I received this ebook for free and in return, here now is my honest review. Great job Liam! By Angela

Could have been organized better, would have liked more local legends, customs etc, more what the locals do for fun etc
