The Beat Stops Here: Lessons On And Off The Podium For Today's Conductor

Synopsis

In *The Beat Stops Here: Lessons on and off the Podium for Today's Conductor*, master conductor Mark Gibson addresses the technique of conducting as an extension of intimate knowledge of the score to the hands and arms. He employs a variety of everyday activities and motions (brushing the dog, Tinkerbelle, the "door knob") to describe the physical aspects of the role. He advocates a comprehensive, detailed approach to score study, addressing major works bar-by-bar in terms of both musical analysis and conducting method. Finally, Gibson explores the various roles a conductor plays, as a teacher, a scholar and a member of the musical community. His writing is highly focused, with an occasionally tongue-in-cheek, discussing everything from motivic development in Brahms to how to hold a knife and fork in public. In short, *The Beat Stops Here* is a compendium of style and substance in the real world of today's conductor.
