## Customer Reviews

Dr. Ronald Youngblood is a graduate of Valparaiso University (BA), Fuller Theological Seminary (BD), and the Dropsie College for Hebrew and Cognate Learning (PhD). He has served as professor of Old Testament at Bethel Seminary in St. Paul, Wheaton Graduate School, Trinity Evangelical Divinity School, and Bethel Seminary in San Diego, and is currently serving in the same capacity at International College and Graduate School in Honolulu. He is an associate editor of the NIV Study Bible; author of 1 and 2 Samuel in the Expositor's Bible Commentary series; and a co-translator and co-editor of the Holy Bible, New International Version. He has also edited and/or written ten other volumes, including Nelson's New Illustrated Bible Dictionary, for which he was awarded the Gold Medallion Book Award by the Evangelical Christian Publishers Association. He serves as chairman of the board of directors of International Bible Society and frequently engages in preaching and teaching ministries at home?F.F. (Frederick Fyvie)Bruce was born in October the 12th, 1910, in Elgin (Scotland), to a Brethren Assemblies family. His father was an itinerant

preacher for the Assemblies. F.F. was baptized and accepted as a member of his local congregation in September 1928. He remained loyal to his denomination for the rest of his life. Through my own experience with the Brethren, I can say they are the ideal place where a lay theologian can serve the Church with his gifts • (Retrospect, p. 285). As a lover of the Bible and of the classical languages, when he was only 10 years old, he started simultaneous studies in Greek and Latin. F.F. was admitted to Aberdeen University in October 1928. He studied also in University of Cambridge (England, 1932-34) and in the University of Vienna (Austria, 1934-35), studying in preparation for his Graduation and Doctoral degree, excelling in both. Bruce taught Greek in the Universities of Edinburgh (1935-38) and Leeds (1938-47). Afterwards, he taught Bible History and Literature in the University of Sheffield (1947-59) followed by Bible Criticism and Exegesis in the University of Manchester (1959-78). He lectured in prestigious universities all around the world: Marburg (Germany), Amsterdam (The Netherlands), Auckland (New Zealand), and Makerere (Uganda). He also lectured in numerous Theological Seminaries, among them the Calvin Seminary, in Grand Rapids (U.S.A.) and the Union Seminary, in New York City (U.S.A.). He was voted President by the prestigious Societies of Old Testament Studies and New Testament Studies. F.F. Bruce wrote some 50 books, plus several thousand articles, essays and reviews. His masterpiece *The Acts of the Apostles: The Greek Text with Introduction and Commentary* (1951) marked for the evangelical world the beginning of a new era in Bible study, being seriously considered by the Academia. In spite of never having made formal studies in Theology, he was an extraordinary reader of the subject and the Aberdeen University granted him in 1957 a Doctor Honoris Causa degree in Divinities.

This is a great Bible Dictionary. I have a few ones but when I saw the first time the quality of the material and the easy navigation for the Kindle version, I have been using more than the others now. And fortunately I got it on a big discount so I am quite happy with the purchase. This Dictionary has an integrated Bible as well so you don't have to check Bible references outside of the book. You seriously should consider getting this one as part of your regular Bible study.

I find it extremely informative and helpful as I am doing my Bible studies. It explains and describes a lot about the people, their history and their traditions. It has many maps and definitions. I have not yet been unable to not find whatever I may be looking for. It explains what each book of the Bible is about and also a biography of the disciples and apostles and the main characters.

I have used Nelson's so much more often than I originally intended, I'm surprised almost daily. Guided Bible study is why I bought it, but I've used it so much more. I'm looking up things I see almost every day.

This is an overall good Bible dictionary especially when it comes to information about obscure items such as some infrequently mentioned Bible characters and the meanings of their names. This is very helpful for example when you want look at specific names in genealogies in Genesis or Matthew. Some of the rare names in these lists are not covered in many Bible dictionaries. The abundant color pictures are also helpful to someone like me when it comes to wanting to get a glimpse of places I have never seen.

Material is good but some difficulty with navigation.

Love this book! I would recommend this to anyone. Very very detailed if you read the the bible I would say this is a great reference.

As great as I remember this is an update from the one I had before

GREAT SOURCE FOR BIBLE DETAIL....!!! YOU'LL LOVE IT..
