Customer Reviews

softcover book

It questions the main focuses of Catholicism as we know it, with sexual and demented twists.

Exquisitely written and extravagantly portrayed to reflect the imagination and influence of human thoughts.

There are situations when sensibility reaches its limits. Then, exploring beyond those limits becomes a very dangerous yet necessary venture. Peter Shaffer showed us a beautiful story of such exploration. The story where unbearable and inevitable are the two sides of the same coin. I enjoyed it deeply.

I loved this play. I read it for a college course and it was entertaining. It's odd mystery that the reader or audience tries to figure. It's a quick read. I loved it because it had a deeper meanings to it and a lot of symbolism.

Great play, came in quickly, overall a wonderful read, never know what's going to happen next

After watching this movie, it stayed in my mind for days. I kept thinking about what the psychiatrist said about having passion in life, whether it be from a disturbed mind or a middle-aged burnt-out psychiatrist. Oh, I know I'm getting it all wrong. You'll have to see the movie. It really makes you think. Richard Burton and Peter Firth give once-in-a-lifetime performances, ones that I will always remember.

This play will make you say "what the fuh" out loud. A few times. Book came in great condition.

So happy to finally get a copy of this magnificent play....it's a masterpiece!!

Great play! An interesting read as the play deals with psychological issues and the role of passion in our lives.
