I bought this book for my 6 month old son. It is decent for him but once he gets a bit older it will be too simple. Each page contains one or two word in French with the English also. Wished they had more than just words...maybe a sentence to use the words in context. Not a great learning tool, more of a novelty.

The title of my review gives it all away. This book features cute illustrations of many famous Paris landmarks. Be aware that this isn't a storybook.
